19 To Ambrose Swasey, president
of our Board of Trustees, who,
through a lifetime of honorable
achievement, has exemplified the
true spirit of Denison, and who,
through his generous interest, has
done much to increase her prestige
among educational institutions, the
class of 1924 respectfully dedicates
this volume.

AMBROSE SWASEY, Sc. D.
President of the Board of Trustees

Foreword

Within the pages of this year-book it has been our endeavor to faithfully record the events of the past year at Denison as they have occurred. Through words and pictures it is our desire to preserve the record of this chapter of the story of our college life so that, in after years, this volume may be kept as a tangible memory of our happy college days. If we succeed in making more durable these pleasant experiences, we shall consider that we have fulfilled our purpose.

University

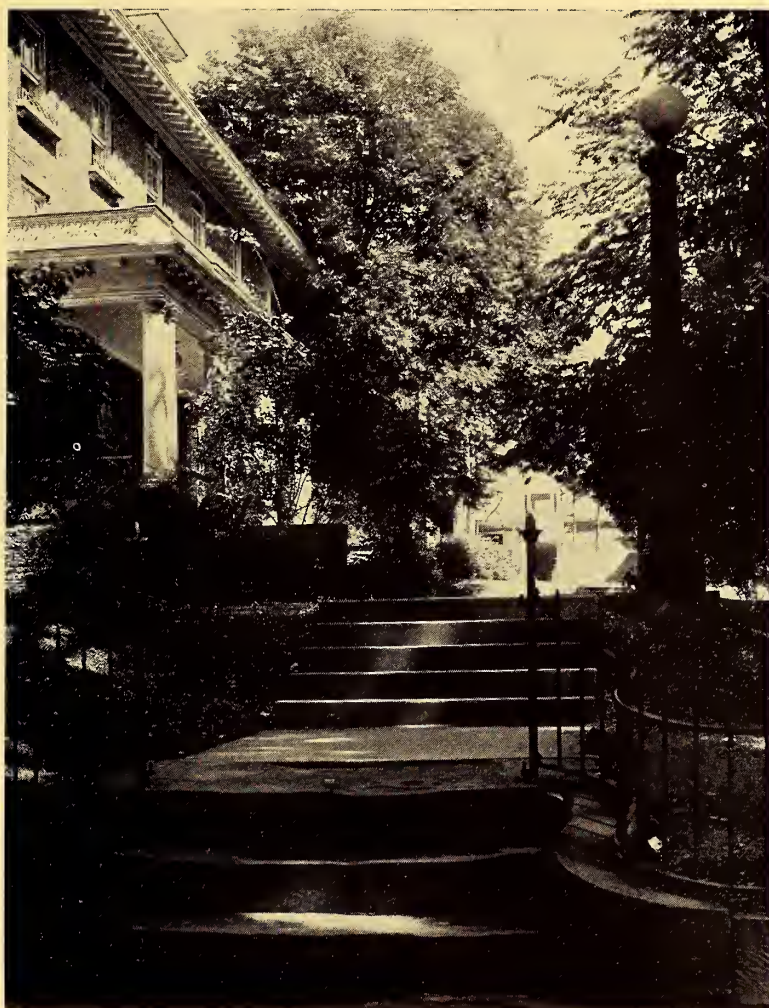

Book I

*Who loves fair science, enter and ascend—
The quest leads upward.*

*Within—what length of hours !
Without—entrancing beauty !*

A treasure house of memories and far-looking hopes.

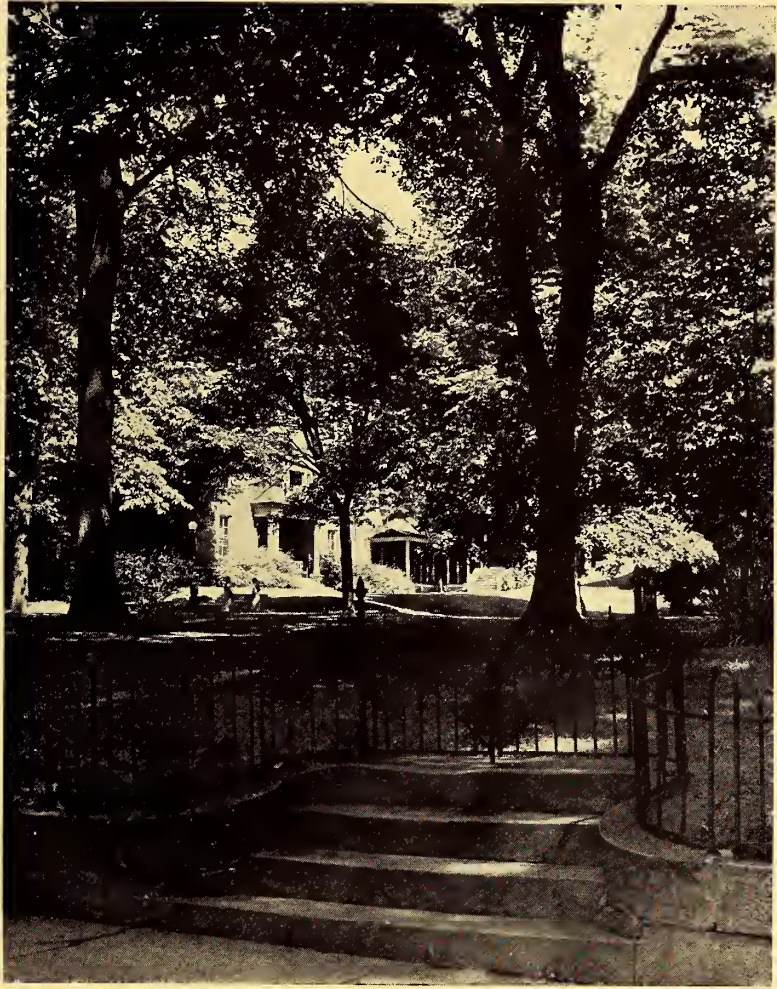

A chronicle of actions just and bright.

*Where mind meets mind,
And strengths with strengths contend.*

*The gods are good! The world lies free to capture!
Life has no walls.*

True beauty dwells in deep retreats.

*Gracing a ridge it stands in simple stateliness,
And looks east, south, and west on scenes of pastoral beauty.*

Time but the impression stronger makes.

*In the urgent solitudes
Lies the spur to larger moods;
In the friendship of the trees
Dwell all sweet serenities.*

*This path---so soft to pace!
This May---such magic weather!*

*A lawn—
Spacious and full of sunlit dancing-places.*

*I am in love with high far-seeing places,
In love with hours when the circling faces
Veils pass, and laughing fellowship glows warm.*

*A quaint and cranny-covered place
Bulging with volumes old and new,
Where one of curious bent may find
Congenial company.*

*Day unto day uttereth speech, and night unto night
showeth knowledge.*

The glory of God is around you in the light that you see, and in the fullness of the earth. He has written for you day by day his revelation, as He has granted you day by day your daily bread.

In Memoriam

ALICE LAMSON

Liberty Center, Ohio

Although she was a student at Denison only a few weeks before she was taken from this life, Miss Lamson was dear to the hearts of all who knew her. A member of the class of 1926, she was greatly interested in the activities of the school. She was also a member of the Shepardson Club and the occasion of her death was a time of sadness for the entire university.

Class History

Oh, our Twenty-three you're a wonder,
And when we are old and grey,
We will all say, "Yes, by thunder!
It was some class in its day."

Yes, we began back there in 1919 singing our way through. Nineteen twenty-three has always been noted for its appreciation of the fine arts than for glorying in violent physical exercise such as that of Scrap Days.

19 We are the class of nineteen twenty-three
And we're here to shout for victory,
And as we come to meet the Frosh,
They will all shout "Oh, by gosh!"
We are noted for our pep, so let us live up to our rep.
We are the class of nineteen twenty-three
And our colors you can plainly see,
Orange and black, and black and orange,
And orange and black and black and orange;
Oh, gee! we are the class of twenty-three.

23

By our second year old orange and black was being plainly seen, and still we sang as an evidence of our pep. Our rep was being established by our famous track men.

Oh, we are the merry Juniors, Ha! Ha! Ha! Ha! Ha!
Yes we are the merry Juniors, Ha! Ha! Ha! Ha! Ha!
We have spent three years in College,
Our teachers think we're bright,
And we believe they're right,
The Juniors have their share of knowledge.
'Tis needless to relate,
That we are up to date,
And so tonight we'll sing our praises.

This was the year of our magnificent production, "The Junior Revue." Now our talent really showed itself. But, no, we were not altogether frivolous for didn't '23 show itself to be a model of uprightness by being the winners of the Posture Drive, too.

People, people, I've been thinking, what a queer world this would be,
If there were no loyal Seniors, full of pep and jollity.

People, people, I've been thinking, how becoming it would be
If we'd give a rousing cheer, for the class of '23.

That's how we're all feeling in this our last year here, after our four year march under the orange and the black. However, as alumni we are going out still loyal to '23, and above all to our Alma Mater.

Maude E. Gill, Historian.

RICHARD B. AUSTIN, Ph. B. Chicago, Ill.

Phi Delta Theta

Class Track, 1, 2, 3; Varsity Track Squad, 2; Denisonian, 2, 3, 4, Editor-in-Chief, 4; Student Council, 4, Adytum Board, 3; President Fourth Estate.

Besides taking part in athletics Dick has found time to be a highly efficient editor of the Denisonian. He shows some wicked speed on the cinder path which accounts for the way they all side-step when they feel him breezing past. May your road to success be just as speedy, Dick!

MARGARET BURT, Ph. B. Huntington, W. Va.

Sigma Delta Phi

Basketball, 2, 3, 4; Baseball, 1, 2, 3, 4. D. U. Association, W. A. A.; Adytum Board, Big Sister, 3, 4.

Peg really deserves the name of a "good pal." She'll play baseball with you—only you'll have to keep hopping while she does. Besides that, she makes the best hot chocolate on the campus, and still finds the time to keep up her end of a familiar social duet.

HSU CHING, Ph. B. Chungking, China

D. C. C.

Cosmopolitan Club.

Since coming to Denison, Ching has been an interesting person in our midst. As a representative of that far-away land he has favored us by his very presence here. Ching is always good-natured, agreeable, and pleasant with his fellow students. We are all glad to have known him for this short time.

EDITH L. CAMPBELL, A. B., S. C. Utica, O.

Classical Club, 2, 3, 4; Hockey, 4; W. A. A.

If there is one person upon whom you can depend when you want something done, it is Edith. She always has her work done on time and done well, so that she has a right to be happy. If anything should go wrong she can give vent to her feelings in a hockey game.

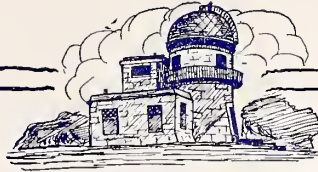

CARROL L. BENOY, B. S. Mount Vernon, O.

D. C. C.

Chemical Society, 1, 2, 3; Secretary-Treasurer, 2; Orchestra, 1, 2; Band, 1, 2.

Benny's a quiet, unassuming fellow who knows a lot more than he says, and feels a lot more than he expresses. He never loses his poise, never is in a hurry, and always knows his stuff. Somehow we feel that he is getting some things from college which we would like to have, too.

THE ADYTUM

HERBERT BAWDEN, B. S. Granville, O.
D. C. C.

Denison Engineering Society.

Herb's wit and humor have been a constant source of enjoyment to those who know him. Yet they are so balanced and restrained that one would not think of calling him "light." Those who have penetrated his reserve (and they are many) have found those fundamental qualities which characterize a real man.

ELIZABETH ALLEN, Ph. B. Piqua, O.
Kappa Phi

Jaw Bones, 3, 4; Big Sister, 3, 4; Flamingo, 4; Class Secretary, 1.

Betty leads the social "Who's Who" in the Senior Class. If you want anyone to laugh with you, go to Betty. She does it well and very infectiously. Perhaps this is the reason that her dates have lasted through her senior year and she is a true member of the "five percent."

RICHARD CALVERT, B. S. Houma, La.
Sigma Alpha Epsilon

Denison Engineering Society; Flamingo Staff, 3; Denisonian, 3, 4; Assistant Business Manager, 3; Business Manager, 3; Adytum Board; R. O. T. C. Captain, 4; Class Track, 2.

"Dick" has been most prominent in publication circles, but he has other fields besides those. For instance (we must let it out) he is somewhat of a lady's man. In addition, "Dick" is no slouch of a student, and is a royal good friend to everyone. We shall be sorry to have him leave us now.

ELIZABETH BARBOUR, Ph. B. Chicago, Ill.
Kappa Phi

Masquers, 1, 2, 3, 4; Jaw Bones, 3, 4; Debate Squad, 3, 4; President, 3; Eaglesmere Delegate, 2; W. A. A.; Adytum Board; Flamingo, 2, 3, 4; Assistant Business Manager, 3, 4; Big Sister; Y. W. C. A. Cabinet; Student Fellowship.

Betty can't be compared. She can only be listed. For she's just Betty. She can play the relentless English dowager or the flustered mamma so realistically that you would recommend her for the professional stage. But she argues just as convincingly for the abolition of the income tax, and reads character as keenly as she portrays it. Fortunately for the lawyers and producers who might otherwise clash over her, her tastes are predestined to a better use.

DONALD BERNHISEL, Ph. B. Quincy, Ill.
D. C. C.

University of Michigan, 1; Cosmopolitan Club, 3; Treasurer, 4; Jaw Bones.

"Bernie" is so full of the Denison spirit of brotherhood that he just bubbles over sometimes. He has talked with our friends from the other side until he wouldn't contract "cannot" or "is not" if he could. Those men who find it hard to "fit in" will miss him keenly. He has made Denison mean something to many men.

DAVID CHAMBERS, B. S.

Granville, O.

Beta Theta Pi

Class President, 1; Class Track, 2; Denisonian, 1, 2; Adytum, Editor-in-Chief, 3; Y. M. C. A. Cabinet, 3; President, 4; Student Government, 4; Student Volunteer; Student Fellowship; Pan-Hellenic Council, 3.

Nobody is more liked than Dave. He has a way of getting next to the students and their needs. He has been for the most part prominent in Y. M. C. A. where he has served four useful years. Dave is a man who can be relied upon to get any important mission done. He is also a consistent fusser. In fact, there isn't much that Dave can't do. We feel safe in predicting a brilliant future for him for a real career could never escape such an amiable and talented person.

LORRAINE CAUL, Ph. B.

Ames, Iowa

Kappa Phi

Y. W. C. A. Cabinet, 4; Jaw Bones, 3, 4; W. A. A.; Hockey, 3, 4; Adytum Board; Student S. S. Teacher, 3, 4; Big Sister; Debate Team, 3; Student Volunteer; Student Fellowship, 3, 4.

The Assamese are in many respects a fortunate people—chiefly because they are some day to have Lorraine in their midst. We predict growing success for her as a missionary if only on the ground that she has more than sheer religion to give. For ask any student volunteer what Lorraine's contribution has been, and he will tell you "everything, including strictly religious activities."

BURTON CHANDLER, Ph. B.

Norwalk, O.

Phi Beta Kappa, D. C. C.

Class Baseball, 1, 2, 3, 4; Varsity Baseball, 2, 3, 4; D Association; Mathematics Club; Treasurer, 2; President, 4; Adytum Board; Varsity Debate, 3, 4; Council of Debate and Oratory.

"Prof" has proved his worth in several lines of endeavor. As a student, especially of Mathematics, he bows to none. Debate has held some interest for him as well as athletics; in baseball he proved his worth as pitcher, his well-trained curves foiling many an opposing batsman. We shall be sorry, indeed, to have him leave our midst.

RUTH CAMPBELL, Ph. B.

Huntley, Ill.

Sigma Delta Phi

Northern Illinois State Normal, 1, 2; Vice President Y. W. C. A., 4; President W. A. A., 4; Track, 3; Baseball, 3, 4; All-Shepardson, 4; Athletic Board of Control; Student Fellowship, 4; White Nun, 4.

Ruth is one of Denison's most popular Seniors. She can throw a baseball with the best of them. Whenever she comes to your room she leaves behind her a sudden, happy impetus. But we like her best because, no matter how rushed she is or how preoccupied we are, she never stops with a hasty "Hello"—but hails us with "Hello, Mary!"

RALPH CLARK, Ph. B.

Mount Sterling, O.

Phi Delta Theta

"Gobby" was a hard man to beat—in more ways than one. On the cinder path he was an artist for he set a pace in the dashes which made his opponents lose heart. During the War he saw service in Uncle Sam's navy. We predict a bright future for him wherever he goes.

ROGER CRANE, A. B. Cincinnati, O.
D. C. C.
Ministerial Association.

We cannot imagine a more dignified appearing Senior than Roger, and yet he has time for a few tricks. One of his favorites is to pull off fifteen or twenty hours of "A" every time the grades come out. Kid Cupid almost caught him once, but he is still ours. A quiet, unassuming smile and a genial manner are the key notes to his pleasing personality. Here's wishing you even better success as a teacher than you have enjoyed as a student.

FLORENCE DANIELS, A. B. Fitchburg, Mass.
S. C.

Big Sister, 4; Classical Club; W. A. A.; D. U. Association; Track, 3; Baseball, 1, 2, 4; Archery, 3, 4. Although Danny has been House Supervisor of Stone Hall this year, her room has been a veritable hellam. Nevertheless, the girls bow humbly before her when she unsuspectingly appears and asks for quiet. Her keen interest in the Social Service work of the Y. W. C. A. has won for her the admiration of not only college women but also of the many women and children with whom her work has brought her in contact.

DALE De GROFF, Ph. B. West Unity, O.
D. C. C.

Library Assistant, 1, 2, 3, 4; Assistant in Psychology, 4.

Dale strayed from the fold a year or two back, but, finding the outer world couldn't compare with the "only spot under the dome of Heaven," he's with us once more. The Department of Education claims most of his time, and, using his record there is a criterion, we predict that success awaits him.

JOHN DUCRO, Ph. B. Ashtabula, O.
Phi Gamma Delta

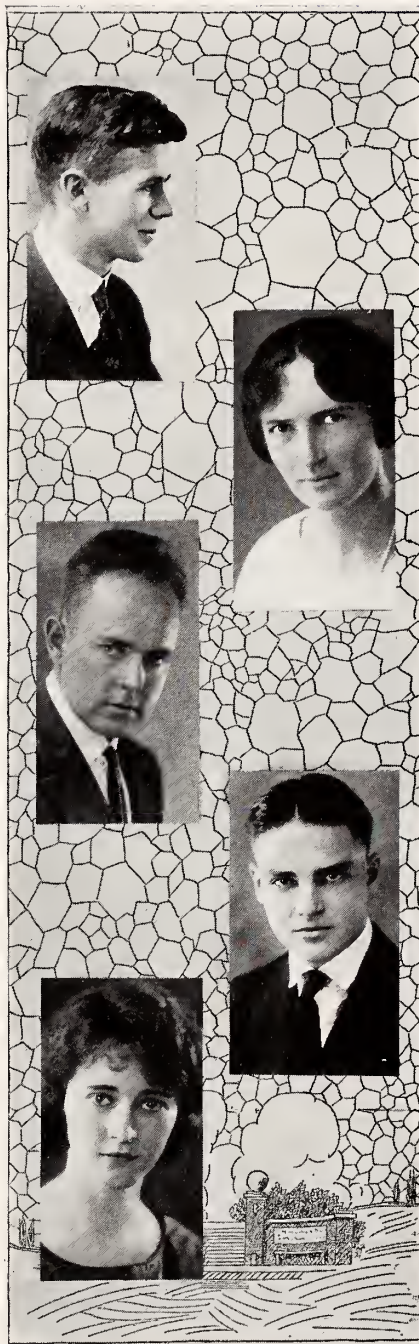

Class Track, 1, 2, 3, 4; Varsity Track, 2, 3, 4; "D" Association; Freshman Football, 1; Adytum, 3; Flamingo, 2.

"Duke" is a living example of the principle that something besides physique is necessary in the making a good runner. Call it what you will—"sand," courage, the "never-say-die" spirit—Johnny has it to the Nth degree. Straightforward, frank, open hearted and impetuous—we love our "Duke" for his non-foppish personality.

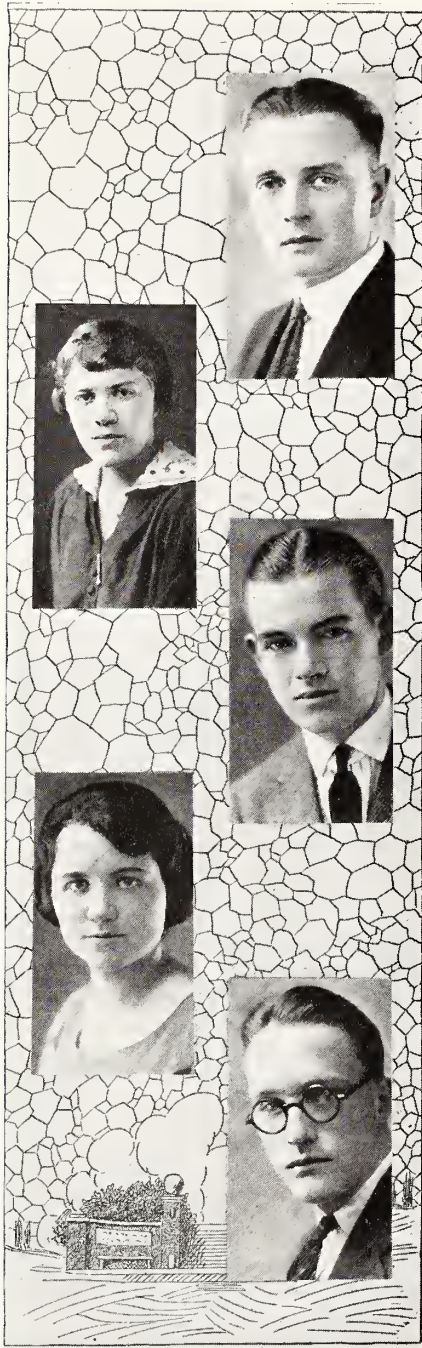

DELTA DEITZ, Ph. B. Richwood, W. Va.
Kappa Phi

Masquers, 3, 4; Classical Club; W. A. A.; Basketball, 3, 4; Flamingo, 3.

Delta, herself, is a little creature, but she looks pretty big on the stage. Her ability and fondness for Dramatic Art have gained for her an enviable position among Masquers. Her sound opinion and good advice are forthcoming on any occasion. We predict a brilliant future for her in the teaching field.

THE ADYTUM

J. DUDLEY DAWSON, B. S. Haskins, O.
Lambda Chi Alpha

Mathematics Club, 2, 3, 4; Band, 2; Pan-Hellenic Council, 3, 4; Denisonian Staff, 4.

"Dud" is that dependable, ever ready sort of chap who is bound to find success in any venture. In Math he has established an enviable reputation, for he has many an hour of "A" to his credit. There was no problem too hard for him to tackle. In the four years that he has been here he has made many friends who have always found him ready to lend a helping hand. His nature is that of the optimist; with him pessimism has no place.

SARA CRIST, Ph. B. Newark, O.
S. C., Phi Beta Kappa

Sara comes from Newark to carry home with her the highest grades that Denison professors ever give. She always sits on the front row in every class where many envying eyes rest upon her as knowledge falls from her lips. But students such as Sara are scarce, and for this reason she deserves a lot of credit and all the success in the world.

D. EDGEL DEAN, B. S. Richwood, W. Va.
D. C. C.

Glee Club, 2, 3, 4; Graduate of Conservatory; Band, 1, 2, 3, 4; Manager, 3; Varsity Baseball Squad, 2, 3; Class Baseball, 1, 2, 3, 4; Y. M. C. A. Cabinet, 3, 4; Vice President, 4; Student Council, Treasurer, 4; Music Board of Control, 4; Student Fellowship; Jaw Bones; Treasurer Senior Class, 4; Adytum Board, 3; Soloist, Glee Club, 4.

"Ed" is another West Virginia product who has proved his worth in Denison. "Ed" is extremely musical; when he sings they all sit up and listen. And the way he plays the bass in our noble band gives some idea as to his versatility. He is no slouch of a student, either. The Glee Club (and, for that matter, all of us) will miss him a great deal next year.

FRANCES CROZIER, Ph. B. Ann Arbor, Mich.
Sigma Delta Phi

Class Vice President, 4; Inter-Sorority Council, 4; Big Sister, 3, 4; Y. W. C. A. Cabinet, 4; W. A. A.; Class Historian, 2; Classical Club, 1; Class Delegate to Eaglesmere, 1; Orchestra, 2; Student Volunteer; Conservatory Graduate in Piano.

Whether it be a trip down town, a Y. W. house party, or a Beta serenade it isn't complete without Frances. At exactly a quarter to eight she may be seen going to her seven-thirty class. But does Frances worry? No. She goes peacefully on her way assured that "All's right with the world."

CHARLES DEEDS, B. S. Dayton, O.
Beta Theta Pi

Manager Varsity Baseball, 3; "D" Association; Class Cross Country, 2; Denison Engineering Society; Adytum Board; Denisonian, 1, 2.

Here is that lucky chap familiarly known to every Denison Student as "Chuck." He is the representative of the second generation of Deeds to grace the halls of our fair Alma Mater! "Chuck" has taken an active part in all things for the good of Denison. His interests have been many-sided and his friends numerous. He has won a place in the hearts of Denisonians through his own merits alone.

MARGARET EDMONDSON, Ph. B.
Parkersburg, W. Va.
S. C.

Big Sister, 3, 4; Adytum Board; Jaw Bones, 4; Classical Club, 1; Student Fellowship, 4; Y. W. C. A. Cabinet, 4.

You know Margaret. Yes, she's the girl who steered the Industrial Committee through a mighty successful year. We can't pick out a good quality in Margaret and emphasize it, because she has so many good qualities that no one of them stands out in prominence. All that we can tell you about Margaret is, that she is always up in her work, always ready for a good time, always a good friend.

THEODORE GNAGEY, Ph. B. Ashland, O.
Phi Delta Theta

C. L. Herrick Geological Society, Vice President, 3, 4; Adytum Board, 3; Flamingo, 2, 3.

"Ted" shows a balance between the Arts and the Sciences which is worthy of emulation. Quietly and unostentatiously he has earned a reputation as a man of letters, of science, of reliability, and of thought. Nor has he neglected the social side of his education; he leaves Denison with a host of friends wishing him the best of luck and, at the same time knowing that he doesn't need it.

JOHN HALKO, B. A. Massillon, O.
D. C. C.

Class Track, 1, 2, 3, 4; Basketball, 3, 4; Varsity Track Squad, 3; Student Volunteer; Cosmopolitan Club.

When Johnny's name is mentioned, we invariably think of him cutting off a mean half mile, or sailing over a high stick in the pole vault. Johnny has lots of friends here at Denison, and all of us are certain that he will make the very best type of minister, for that is what he is to be, and one that we will delight to hear.

HELEN DICKINSON, B. S. St. Catherines, Ont., Can.
S. C., Delta Omicron

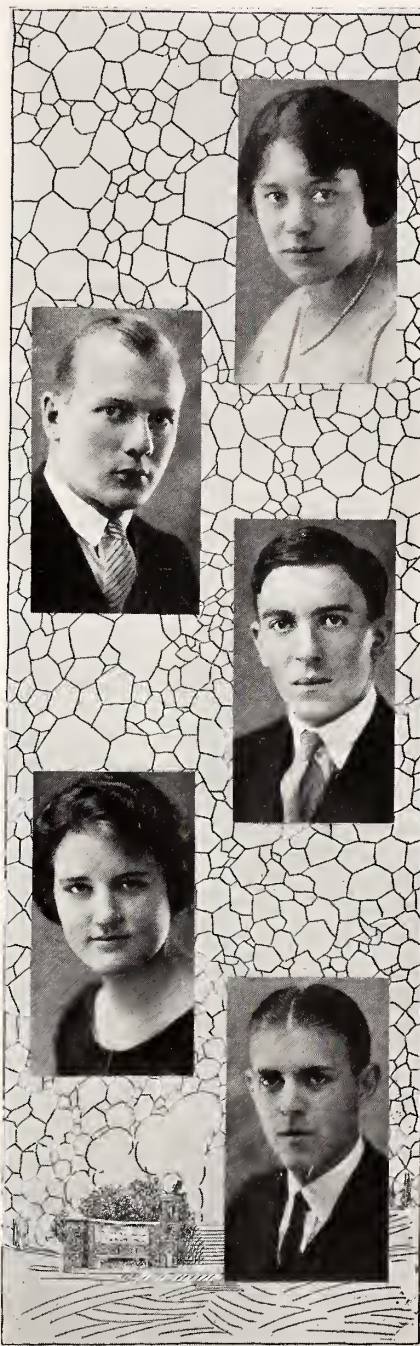

Cosmopolitan Club; Biological Club; Big Sister; Student Volunteer; Y. W. C. A., Treasurer, 4; W. A. A., Vice President, 4; Baseball, 2, 3; Basketball, 1, 2, 3; Hockey, 3, 4; Swimming, 3, 4; D. U. Association; Student S. S. Teacher.

Helen is composed of unlimited qualities. If she is an example of the typical Canadian girl let's have more of them. As can be seen from her list of activities, she has many and varied interests. And Helen has one more asset that's worth a great deal—she has a real sense of humor, in spite of the fact that she is English!

HERBERT CONDIT HALL, A. B. Cleveland, O.
Phi Gamma Delta

Class Track, 1, 2, 3; Varsity Track, 2, 3; Varsity Cross-Country, 2; "D" Association; Flamingo Staff, 3; Adytum Board, 3; Classical Club, 1, 2, 3; Treasurer, 3; Gospel Team, 2; Band, 1, 2, 3, 4.

When Herb is not treating Shepardson College with his presence he is usually—well, he may be doing one or more of a good many things. Among others he plays in the band, and we can still see him finishing first in some of those two-miles.

FRED C HALTEMAN, B. S. Dayton, O.

Phi Gamma Delta

Green Friars; Engineering Society, 3, 4; Vice President, 4; Adytum Board, 3; Varsity Football Squad, 2; Assistant Manager Football, 3; Manager, 4; Class Football, 1, 2; Class Basketball, 2, 3, 4; "D" Association; Pan-Hellenic Council, 4.

Fritz has been quite a big little man around school. He hails from Dayton, but has lived down that handicap in pretty good shape, and has been active in a good many things, chief of which was his managing of the Big Red grid squad.

CENEVA ELLISON, Ph. B. West Union, O.

S. C.

W. A. A.; Jaw Bones, 3, 4; Shepardson Debate Team, 3; Class Hockey, 2, 3, 4; All-Shepardson Hockey, 3; Student Council, 4; Denison Debating Society, 3, 4; Big Sister, 4; Board of Control of Debate, 4; Eaglesmere Delegate, 3.

We are glad for Gene's sake that she graduates this year, because she might have been lost in the fog if she had assisted the Education Professor much longer. She has done splendid work on the Shepardson Debate Team and has taken an active part in athletics. It will require a mighty capable girl to take Gene's place.

ALBERT HELBING, Ph. B. Toledo, O.

Kappa Sigma, Phi Beta Kappa

Class President, 2; Student Council, 2; Honor Court, 4; Class Track, 2; Class Basketball, 1, 2, 3, 4; Denisonian, 1, 2, 3; Circulation manager, 1, 2; Assistant Business Manager, 3; Adytum Board, 3; Glee Club, 3, 4; Jaw Bones, 3; President, 4.

Herewith we present one of those brilliant creatures who wears the envied key, and has quite an obituary of activities, too. Dutch has helped manage most of the literary ventures of the school, besides spending most of his waking hours in the Senior Parlor.

MAUDE E. GILL, B. S. St. Catharines, Ont., Can.

S. C., Phi Beta Kappa

White Nun; Masquers, 1, 2, 3, 4; Adytum Board; Denisonian Staff, 3; Big Sister; Cosmopolitan Club, 2, 3, 4; Student Volunteer; Student Government, Secretary, 3; President, 4; Y. W. C. A. Cabinet, 4; Eaglesmere Delegate, 2; W. A. A.; D. U. Association; Basketball, 2, 3; Baseball, 2, 3; Hockey, 2, 3, 4; All-Shepardson, 2, 3, 4.

The Sem will find it no easy matter to get along without Maude, for, in student government, athletics, and indeed, in all phases of college life, not excluding midnight pranks, we usually find Maude in the lead. We appreciate her choosing to come so far to our college, and we are looking for big things from her. Success to you, Maude, in all things that you attempt.

HOWARD B. JEFFERSON, A. B. Norwalk, O.

"Jeff" excels in every college activity. He is a leader in the Y. M. C. A. Cabinet, an efficient Student Government official, and an ace in athletics. It is indeed seldom that we find one of the most handsome men in school the combination of such virtues as well. If all ministers were like "Jeff," the whole world would go to church.

NELLE ERWAY, B. S.

S. C.

Big Sister, 3, 4; Orchestra, 3, 4; Jaw Bones, 3, 4; W. A. A.; Baseball, 2, 3, 4; Basketball, 3; Class Secretary, 4.

Nelle has shown by her work with Dr. Mather and as House Teacher at Roberts' that she is capable of holding responsible positions. We have not seen a great deal of Nelle this year at the Sem, but we will miss her next year, for she is always a true friend.

WILLIAM JENKINS, B. S.

Cambridge, O.

Sigma Chi

Green Friar; Alligator; Student Member Athletic Board of Control; Senior Representative on Student Government; Pan-Hellenic Council, 4; Class Baseball, 1, 2, 3, 4; Class Football, 1; Class Basketball, 1, 2, 3; Varsity Baseball, 2, 3; Varsity Basketball Squad, 2, 3, 4; Team, 3, 4; Geological Society; "D" Association, Secretary.

"Bill" is about as large as the average student who says that he is too small for athletics. Yet he has gone in for athletics with a vengeance, and has done no little bit toward keeping the Denison Standard in the front ranks during the last three years. A man who plays the game like Bill does is bound to succeed after college.

DOROTHY GRAVES, Ph. B.

Newark, O.

We wish that Dot would tell us more about herself instead of telling us how nice—well, we don't know his name, but we've decided that we envy him. We envy Dot too, especially in classes, for she makes recitations that anyone might be proud of. Have you seen her note-book? She keeps the neatest notes known to women.

EDWARD JONES, Ph. B.

Middletown, O.

Beta Theta Pi

Class Treasurer, 2; Y. M. C. A. Cabinet, 3, 4; Adytum Board, 3; Jaw Bones; Student Volunteer.

"Ed" has proved his worth as a loyal friend and a steady, consistent worker in the religious activities of the University. He is a man whom we have come to trust and admire. Combining, as he does, sociability with good sense, we predict for him a successful career.

CHUNG KWAI KAO, Ph. M.

Kao has shown an interest in Denison and serious study which has endeared him to the hearts of many of us. We hope that more representatives of his country may come to Denison if they are all like Kao.

FRANK G. KEENEN, B. S. Newark, O.

Lambda Chi Alpha

Adytum Board, 3; Chemical Society; Vice President, 4; Band, 1, 2, 3, 4; Orchestra, 2, 3, 4; Glee Club, 4.

Perhaps the worth of a man is best measured by how many places he may be missed. We can think of a lot of places where Frank will be missed next year—the Chem. Lab., the Glee Club, the Band. He is known to slide a mean trombone, warble a wicked tenor, and pour a wicked test tube.

RUTH G. HENDRICKS, B. S. Dayton, O.

S. C.

Would that we all had the natural virtue of A's in math. But at least, it is nice to have a friend who does not have our difficulties. She ought to be an example for us; because like so many successful people, she says little and accomplishes much.

SPOFFORD H. KIMBALL, B. S. Dayton, O.

Beta Theta Pi

Y. M. C. A. Treasurer, 4; Secretary Student Government, 4; Secretary Athletic Association; Student Council, 4; Varsity Debate Squad, 2; Team, 3, 4; Denisonian, 2, 3; Adytum Board, 3; Franklin; Student S. S. Teacher, 4; Debate Captain, 4; Military Council, 4.

"Spoff," with his twinkling eyes and sunny smile has won the hearts of many Denison students. With his capacity for work and his capability of handling it, and his easy graciousness of manner, we know that he will "arrive"—and he won't be out of breath when he "arrives."

LILLIS HOWARD, B. S. Tecumseh, Mich.

S. C.

Flamingo, 4; Class Poet, 4; Mathematics Club, 1, 2, 3, 4.

If you have ever been in one of Lillis's Education classes, you probably think that she is going to spend her life as a successful school ma'am. However, if you know her well, or have seen the ring and the pin, you know better. If she hasn't anything special to do, you can safely wager that she is writing a letter.

LEWIS DON LEET, B. S. East Cleveland, O.

Delta Upsilon, Phi Mu Alpha

Columbia University, 1; Class President, 3; Class Football, 2; Varsity Football Squad, 3; Track, 2, 3, 4; Cross Country, 4; Masquers, President, 4; Flamingo, Managing Editor, 3; Editor-in-Chief, 4; Adytum Board; Debate Squad, 3; Jaw Bones, 3; Geological Society, 4; "D" Association.

Don is a real example of a man who can do half a dozen things at once. He never is too busy to tackle a new job. The Mystic Bird is one of the results of his industry. But to cite his individual accomplishments is out of the question. Athletics, dramatics, music, all have felt his presence and benefited by it. Don is one of the men we would like to keep with us indefinitely.

MARGARET FORSYTHE, B. S. Alexandria, O.
Phi Phi Phi

Ohio Wesleyan, 1; Chemical Society, 2; Biological Club, 3, 4; Inter-Sorority Council, 4.

Margaret doesn't live in the Sem, but we wish she did, for she is a friend worth having. She spends a lot of her time in the Zoo Lab, for she is one of our girls who expects to have a career. Good luck to you, Margaret; we have high hopes for you.

CLYDE E. KEELER, B. S. Marion, O.

It would be hard to find Clyde's equal in versatility, originality, and efficiency. He has accomplished splendid things in nearly every department of campus activities. He must have burned no small quantity of the proverbial midnight oil for, in addition to his many extra-curriculum activities, he has pulled down high grades consistently.

MARIAN HANNA, Ph. B. Zanesville, O.
Kappa Phi

Inter-Sorority Council, 4; Denisonian, 3; Adytum Board, 3; Associate Editor of Flamingo, 4; Big Sister, 3, 4.

The first things you notice about Marian are her brown eyes and her smile. We have discovered, too, that she has learned to solve the problem which worries so many of us—how to divide our time equally between our college studies and our college education. One additional bit of information: It is that she is very interested in household economics.

WILLIAM LEASURE, B. S. Middletown, O.
Sigma Alpha Epsilon

DAISY HARRISON, Ph. B. Clarksburg, W. Va.
S. C.

Broadus College, 1, 2; W. A. A.; Big Sister, 3, 4; Archery, 3; Hockey, 4.

"To Denison from Broadus" was the address on the package. When it was opened, out came a full fledged Junior girl. Daisy has made many friends since that time, and we're sorry that Broadus didn't send us the package sooner. However, she has been a loyal worker for the class of '23.

ESTHER JILLSON, Ph. B. Beaver Dam, Wis.

It is hardly possible to imagine how we'll get along next year without Esther. No committee has been complete without her. She has been prominent in student government, Y. W., and class activities besides being one of the best students in the class of '23.

MILES W. LEVERING, B. S. St. Marys, O.

Kappa Sigma

Adytum Board, 3; Chemical Society, 1, 2, 3, 4, Secretary-Treasurer, 3; President, 4; Pan-Hellenic Council, 3; Drum Major of Band, 1, 2, 3, 4, Director, 2, 3, 4; Board of Control of Music, 3, 4.

Whenever we think of Miles we see him strutting down the field with baton whirling and the Band blaring out "Old Varsity," but the Band isn't the only place where Miles has succeeded. He has won his way into the hearts of the student body. The Campus, Band, and Chem. Lab. are going to miss him.

DOROTHY KINNEY, B. Sc. Denver, Colo.
S. C.

Student Volunteer, 1, 2, 3; Big Sister, 3; Adytum Board, 3; Flamingo Staff; Biological Club President, 3; Medical Absentia at U. of Colorado, 4.

We always wondered why Dorothy was so interested in the Zoo. Lab. Now we know. She's going to be a doctor, and if her record at Denison predicts anything—she's going to be a good doctor. Dorothy has made many friends who remember how she managed to cheer us with the right sort of a joke when we were blue or homesick. Here's the best of luck to you, "Dot."

P. T. LU, Ph. B. Pinsiang, Kiangsi, China

TSURUYO KOMORIYA, Ph. B. Tokio, Japan
S. C.

Student Volunteer; Eaglesmere Delegate; Cosmopolitan Club, 3, 4; Tennis, 3, 4; W. A. A.

Without a doubt Tsuruyo has more friends in Denison, and everywhere she has ever been, than any of the rest of us. Anyone who does not want to go to Japan and meet more of her country men after they have met her is not human. Japan is lucky to have such an attractive and enthusiastic representative in this country, and we are lucky to have had Tsuruyo in Denison.

CHESTER H. LOUCKS, Ph. B. Minneapolis, Minn.
Lambda Chi Alpha

Glee Club, 3, 4; Ministerial Association, 3, 4.
"Chet" blew down from Minnesota to spend his last two years with us, and it didn't take him long to get acclimated. Impulsive, eager to help, and dependable, he has sacrificed much of his time for others. Religious work and music have claimed most of his attention. The success of the Newark Mission is due largely to his efforts. We wish we could have had you for four years, Chet.

GLADYS JONES, Ph. B. Keuka Park, N. Y.

White Nun; Masquers, 1, 2, 3, 4; Adytum Board; Y. W. C. A. Vice President, 3, President, 4; Student Council, 2, 4; Board of Control of Student Publications, 3; Eaglesmere Delegate, 1; Big Sister, 3, 4; W. A. A.; D. U. Association; All-Shepardson Tennis, 2, 4; Tennis Champion, 4; Athletic Board, 3; Basketball, 2; Delegate to National Y. W. Convention, 3.

There are very few girls who have time to be president of Y. W., tennis champion, and an exceptional actress. Glad's enthusiasm is of the kind which makes her satisfied with nothing but the best. If her influence at Denison is a forerunner of her influence in the world, we'll be hearing about her a great deal in future years.

H. KENNETH MASTELLER, A. B. Mt. Vernon, O.
D. C. C.

Y. M. C. A. Cabinet, 4; Student Government, 1; Student Volunteer; President, 4; Ministerial Association; Gospel Team.

Dependable? Well I guess so! "Ken" doesn't have a whole lot to say, but what he says he means. "Ken's" shoulders have carried one of the heavy burdens of the college religious and Y. M. C. A. work. We know the church attendance will increase when you are a minister.

IRLENE KISSLING, B. S. Urbana, O.
S. C.

Mathematics Club, 1, 2, 3, 4; Student Volunteer, 1, 2, 3, 4; Student Fellowship, 4; Debate Squad, 4.

Irlene can generally be found in the Library if she isn't in class. Furthermore when she is in the Library she is always studying. With this combination there can be only one result—grades that stand for real knowledge.

"Tillie" was with us for two years and then decided that Uncle Sam needed him more than we did. Last year he came back to finish up, and we were not at all sorry to see him. We will always remember "Tillie's" star work at end on the football team, and his performances at second in baseball. Power to you, "Tillie."

JOHN L. MAURER, B. S. Fresno, O.

A rather quiet lad, but his smile speaks volumes. His quiet ways must be deceiving for he made a wonderful record selling books. It takes a man to do that, so John succeeded. We know that he has some more successes coming.

LILLIAN LINDROOTH, Ph. B. Newark, O.

Adytum Board; Big Sister.

"Lil" finds much of her time claimed in Newark but yet has made a host of friends during her stay at Denison. The life of many a party, she is never sad and has a sunny smile for every one.

CATHERINE McCLURE, Ph. B. Toledo, O.

Katie always has time for one thing more if you ask her, especially if it's a jolly good time. And though she's perpetually doing things for others, she still finds odd moments to earn a "D. U." and to put considerable pep into the social life of the S. W. and C. Most remarkable of all is her really serious interest in teaching, and her clairvoyant ability to absorb, wide-eyed, hours upon hours of somniferous "education" courses.

CHARLES E. OLNEY, Ph. B. Waltham, Mass.

"Charlie" is another one of those who find it hard to stay away from Granville. He spent a year at Boston and two years as a "gob." Since coming to Denison he has been an active worker in social and religious affairs, especially in the Y. M. C. A. During his spare time he has contributed some valuable art work to the publications. Incidentally, Denison proved to be for him a reliable matrimonial bureau.

RUSSEL LYMAN, Ph. B.

Elyria, O.

D. C. C.

"Russ" has charge of the university dope bucket. If you want exact information on anything that has happened in the last four years in Denison or in the Ohio Conference, ask Lyman—he knows. Whenever we think of "Kurtsie" we see her smiling. Yes, "Kurtsie," smiles even when she is as busy as possible. In spite of grading French papers, being on the Y. W. Cabinet, Student Government, and being vitally interested in the Mathematics department—"Kurtsie" has had time to earn a D. U.

KARL S. MORROW, B. S.

New Athens, O.

Franklin College, 1, 2; Class Baseball, 3, 4.

One could not tell by looking at this chap, that he is a master-mind at selling books, but that is just what he is. During the summer months he has kidded hundreds into buying his books. He has delved into no small amount of mathematics and other science, and has proved himself a good student. Although rather quiet for the most part, he is highly esteemed by those who know him.

"Pete" is rapidly becoming one of us and we hope he may stay long enough to feel that he really belongs.

THE ADYTUM

MARGARET LINEHAN, A. B. Newark, O.
Margaret is another of the Newark girls whom we do not see very often. The little we do see of her makes us want to know her better. Margaret is a good student and possesses a great deal of unusual musical talent, but it is her jolly disposition and good-natured laugh that makes us wish she were coming back next year.

CHARLES MEARS, A. B. Zanesville, O.
D. C. C.

During his stay in Denison "Charlie" has reminded us of a star behind a cloud. He has innumerable good qualities and is merely waiting for a chance to burst forth. He has shown his versatility by delving into practically every department of the University.

ALTHEA MILLER, Ph. B. Pomeroy, O.

Ohio University, 1; Glee Club, 2, 3, 4; Masquers, 2, 3, 4; Archery, 4; Hockey, 3.
"Al" went to "Ohio U." her freshman year but she changed schools and we were the lucky ones from then on. Class stunts have been her specialty, and who can count the parties which have been enlivened by her pep? Our unanimous choice for one of the all-Denison popular girls.

FRED POORMAN, B. S. Coshocton, O.
D. C. C.
Officers Reserve Corps; First Lieutenant, R. O. T. C.; Denison Engineering Society, President, 4; Assistant in Engineering; Mathematics Club.
"Fritz" has spent most of his time in the R. O. T. C. and in the engineering department, for he has great interest and abilities in both fields. "Fritz" believes in the doctrine of "Don't let your studies interfere with your college education," but nevertheless, he has gained an enviable number of "A's." His good nature and his dry humor have made him a good friend to everyone.

MARIAN McQUATE, B. S. Litchfield, O.
Phi Phi Phi
Biology Club, 4.
Marian is the girl who rewards your interested search with the wider and wider unfolding of a surprising personality. She's far from being a true type, for she's a most upsetting combination of shrewd-minded woman and unrestrained imp. In the space of five minutes she can concoct pranks enough to fill an evening, and the next moment she will solemnly explain to you the next day's assignment.

NORMA MEYER, Ph. B.

Norma finished in three years, and we missed her this year at the sem. In spite of the fact that she must have studied a great deal, we know that she took advantage of every calling day. We don't know how Norma is enjoying teaching, but we'll wager that she's having fun and attending just as many movies as she ever did.

Louie is a quiet retiring sort of fellow who has gone about school making little fuss but accomplishing results nevertheless. We know that he will be a successful teacher because he has been a successful student.

MILDRED MAYER, Ph. B.
S. C.

Newark, O.

Classical Club, 2; W. A. A.; Baseball, 3, 4.

Mildred is another of the girls from Newark. She has often furnished entertainment at the sem with her willingness to "doll up." Among other accomplishments she wields a "wicked" baseball bat.

DOWNING E. PROCTOR, Ph. B.
D. C. C.

Shanghai, China

Jaw Bones, 4; Cosmopolitan Club, 4; Class Basketball, 4; Student Volunteer, 3, 4; Student Fellowship.

Downing has been here only two years, but during that time he has proved to us that he is capable of doing anything from playing tennis to reading volumes and volumes of sociology. When he goes back to China, we are sure that Denison will have just reason for being proud of him.

HELEN NEEL, Ph. B.

Granville, O.

S. C.

Big Sister, 3, 4; Class Vice President, 3; Student Volunteer, Vice President, 3; Glee Club, 4; Basketball, 3; W. A. A.; Y. W. C. A. Cabinet, 4; Student Fellowship.

Helen has our vote for being one of the "peppiest" girls in the class of '23. Furthermore she can make you laugh until you cry—then before you've recovered, she will be likely to give you a clue to some of her others distinctions. She can do anything from leading chapel and directing a Y. W. committee to playing basketball and making fudge with the best of them.

* Broadus College, 1, 2; Debate, 3, 4; Y. M. C. A. Cabinet, 4; Treasurer Student Fellowship, 4; Classical Club.

"Pick" wandered up to us from the wilds of West Virginia. We are all glad he has chosen Denison, for we have benefitted from our associations with him these past two years. "Pick" is the kind of man who is a man through and through; genuine character and personality are cropping out all over him.

GRACE McGRILLIS, A. B. Norwalk, O.
S. C.

Big Sister, 4; Mathematics Club, 1, 2, 3, 4; W. A. A.; Hockey, 2, 3, 4; All-Shepardson, 4.

Grace's eye has a twinkle whose meaning we never understood 'til the day we came home to find our room (together with half the others on the third floor) stacked. Her hockey playing is a formidable thing—as any Junior will testify—perhaps because she wastes so little steam blowing the whistle. And for much speaking in a little speech, you will seek far to find her peer.

ERNEST T. OWEN, B. S. Granville, O.
Phi Gamma Delta

Denisonian Staff, 1, 2; News Editor, 3; Flamingo, 2, 3, 4; Masquers, 2, 3, 4; Chairman W. B. Committee, 4; Industrial Committee Y. M. C. A., 2; Adytum, Associate Editor; Class Treasurer, 1; R. O. T. C., Major, 4; Manager Rifle Team, 3; Pan-Hellenic Council, 3.

Here is "Ernie" himself, that slick lad who has been prominent in dramatic, literary, and military circles since Hector was a pup. When a Masquers play is announced we generally look for him to be playing a leading role. He has contributed many a witty line to the Flamingo. Finally he ended up by marching at the head of our college army in the capacity of Cadet Major.

THELMA MARSHALL, B. S. Zanesville, O.
S. C.

Mathematics Club, 2, 3, 4; W. A. A.; Archery, 3, 4; Baseball, 4.

Thelma is majoring in Math., but you'd never know it. She is always out for a good time, and no one has ever seen her frown. She may be seen almost every week-end going down the street carrying a traveling bag. If you follow her you could hear her ask for a ticket to Zanesville. The pin she wears explains why she is more interested in Zanesville than Granville.

WENTWORTH POTTER, B. S. Newark, O.
Engineering Society.

"Went" is another Newark man who has divided his attention between Denison and his home town. He is a keen engineer and will make his mark some day in the world of construction.

MINERVA OLNEY, Ph. B. Waltham, Mass.
Kappa Phi, Delta Omicron

Conservatory Graduate in Organ; Representative of Student Government, 1; Swimming, 1, 2, 3; Archery, 2, 3, 4; All-Shepardson, 3; W. A. A.; D. U. Association; Big Sister, 3, 4; Athletic Board, 1, 3; Board of Supervisors of Student Government, 4.

"Y. W." will not be the same next year without "Minnie" at the piano. She will be missed in the Sunday afternoon sings as well as athletics, for she is a good sport. "Minnie" is ever a true friend and is always ready for a good time. We will not soon find somebody to take her place.

WILLIAM H. RHOADES, Ph. B. Toledo, O.
D. C. C., Phi Mu Alpha

Oberlin University, 1; Accompanist for Glee Club, 3, 4; Graduate from Conservatory in Piano; Denison Orchestra, 1, 2, 3, 4; Assistant in Piano in Conservatory, 1, 2, 3, 4; Music Board of Contral, 3.

"Bill" had the honor this year of giving the first recital ever broadcasted by WJD, a fact which puts him in Denison history. Despite the fact that he is the best pianist in school he has found time to make many friends, Shepardson not excluded.

MARY PACKER, A. B. Toulon, Ill.
S. C.

Student Volunteer, 4; Mathematics Club, 1, 2, 3, 4. Mary has shown a great interest in the missionary committee, and some time we will hear of her successful work along this line. She is a conscientious worker and we admire her brains. We know that you will make good, Mary.

CHARLES C. ROADARMEL, Ph. B. Granville, O.
D. C. C.

Cosmopolitan Club; Student Volunteer; Ministerial Association; President, 4; Gospel Team, 2, 3, 4; Captain, 4; Franklin, President, 4; Denisonian Staff, 2; Glee Club, 4; Orchestra, 1, 2; Band, 1, 2, 3, 4.

GORDON RINGGOLD, A. B. Hyannia, Mass.
D. C. C., Phi Mu Alpha

Officers' Reserve Corps; Capt. R. O. T. C., 4; Orchestra, 1, 2, 3, 4; Manager, 4; Classical Club; Glee Club, 4.

"Goldie" has done more than his share to further the reputation of Denisonian Musical productions. We hope that he still shows the Bostonians at home how we do things out here.

MABEL PATTERSON, Ph. B. Granville, O.
Phi Phi Phi

When you see Mable with a huge stack of papers, don't jump at conclusions; Mable is no grind. She is simply taking practice teaching, and those papers (either graded or otherwise) are simply the bane of her existence. We hope, Mable that you will be mighty successful as a teacher.

ALBERT N. SAYRE, B. S. Los Angeles, Cal.

Class Football, 1; Orchestra, 1, 2, 3, 4; Band, 1, 2, 3, 4; Geological Society, President, 4; Second Lieutenant R. O. T. C.

"Squeebo" will be missed very keenly in the Band and the Geology department. Surely a man who has piccolloed through many a Denison victory on the football field and guided the faltering steps of many freshmen through the rocky paths of Geology will not be soon forgotten.

KENNETH R. ROBINSON, B. S. McConnelsville, O.
D. C. C.

Class Baseball, 1; Mathematics Club; Engineering Society.

"Ken" knew what he wanted when he came to Denison; and he has allowed no minor matters to throw him off his track. As an able assistant he has won the respect of teacher and student. We predict a wonderful future for "Robby" in the engineering game.

BURNICE PERRY, Ph. B. Chicago, Ill.
S. C.

Glee Club, 2, 3, 4; W. A. A.; Hockey, 2, 3, 4; Big Sister, 4.

Burnice is one of the few—we must tell the truth—one of the many who do not intend to have a "career." She has proved herself capable of being a good sportswoman and a loyal member of the Glee Club. So, we're predicting a mighty happy life later on.

RUSSELL SMITH, B. S. Newark, O.
Chemical Society.

"Smitty's" big field is Chemistry in which we predict a brilliant future for him. He has been one of the most persistent workers in this department during the last four years. Although he has spent most of his time in Newark he has made the acquaintance and lasting friendship of a good many who will not soon forget him.

ALICE L. RANDALL, B. S. Charleston, W. Va.
S. C.

Big Sister, 4; Biology Club, 2; Chemical Society, 3; Secretary, 4; Student S. S. Teacher, 4; W. A. A.; Hockey, 2, 3, 4; Student Volunteer; Cosmopolitan Club, 1, 2, 3, 4; Vice President, 3, 4; Women's Debate Business Manager, 4.

"Al" intends to enter the medical field, and we all feel sure that she will make a success of it just as she has been successful as a house teacher at South this year. We know that the Cosmopolitan Club will not soon forget what a splendid member they had in Alice.

EDWARD M. STEADMAN, Ph. B. Granville, O.
Kappa Sigma

Class Treasurer, 1; Class Representative Student Government, 3; Class Football, 1, 2; Varsity Football Squad, 1, 2, 3; Varsity Track Squad, 2; Manager Track, 4; Adytum Board; Y. M. C. A. Cabinet, 3, 4; "D" Association; Pan-Hellenic Council, President, 4.

Ned is primarily a business man, and a good one, too. He jumped early into the financial world by guarding the shekels of his freshman class, and did the job up properly by managing the track team of 1922. Besides this he has helped to run a few other little things such as the student government and the Y. M. C. A. He is liked and admired over the whole campus.

RAYMOND H. SNODGRASS, Ph. B. Xenia, O.
Kappa Sigma

Football, 1; Varsity Football Squad, 1, 2; Green Friar.

"Bud" is back with us once more after having been out for some time on account of an operation. "Bud" is well known to everyone, for he has made many friendships by his pleasant manner and geniality. He is an earnest worker; if anything is to be done he is there to do his share. We do not know what he is planning for his life work but we are sure that it will be a success just because it's "Bud."

CHARLES E. STOAKES, Ph. B. Seville, O.
Phi Delta Theta

"D" Association; Varsity Football, 2, 3, 4; Varsity Track, 3, 4.

"Charlie" is another man who moves with deliberation about his daily routine, but when turned loose on the cinder path he is a flash of speed. His name is on the tablets of Cleveland Hall as the holder of indoor records in the dashes.

WILLIAM H. STUART, Ph. B. Newcastle, Pa.
D. C. C., Phi Mu Alpha

Orchestra, 1, 2, 3, 4; Manager, 3; Student Leader, 4; Glee Club, 3, 4; Violin Soloist.

We expect to see Kreisler relinquishing his place to Bill in a few years. At any rate he has been our premier fiddler during all of his days among us, and has helped keep the orchestra and glee club running smoothly, among his other campus activities. And what a jolly sailor he appeared to be in "All at Sea."

EVA JANE PRICE, Ph. B. Granville, O.
Phi Phi Phi

Ohio State University, 1; Inter-Sorority Council, 4. One year at O. S. U. must have been just enough to show Eva Jane that Denison was the place for her. At all events, she appears to be a loyal Denisonian now. Eva Jane is another Senior who has decided to teach. We regret that she is so busy that some of us have not had a chance to know her so very well.

RALPH WEAVER, B. S. St. Louisville, O.
D. C. C.

Botany Club, 2, 3; Biological Society, 4; Assistant in Biology, 4.

Buck has devoted most of his time to plants, and, as a result, some of us don't know him as well as we otherwise would have. Those of us who do know him have found him a friend that is both cheerful and conscientious, the kind that you can depend on.

HELEN ROBINSON, B. S. Cambridge, O.
Chi Psi Delta

Big Sister, 3, 4; Student Council, 4; Board of Control of Athletics; W. A. A.; Secretary, 3; Athletic Board, 3, 4; D. U. Association; Secretary, 3; Tennis, 3; Baseball, 1, 2, 3; All-Shepardson, 1, 2, 3; Basketball, 1, 2, 3; Hockey, 3, 4; Pan-Hellenic Council, 4.

The gymnasium is Helen's Mecca. She fairly haunts the place, but it seems that she never gets her fill of athletics. Tennis, boards, associations, all claim her loyal support. She does not allow her fondness for gym work and out-door sports to interfere with her studies, and her interest in other school activities, but of course we all know that they are merely secondary in importance. However, they tell us that Helen really intends to have a career someday, and we feel safe in predicting a brilliant future for her.

LEONARD K. VAN NESS, Ph. B. Hubbard, O.
D. C. C.

Jaw Bones; Varsity Football Squad, 4; Class Football, 1, 2.

Leonard has been a loyal Denison student—just the kind that make good staunch alumni members. We'll wager that he will send all the prospective students in Hubbard down here. If they are all as friendly and interested in college from Hubbard as he is, we wish the delegation from Hubbard could be as large as the one from Dayton.

VICTOR G. WEAVER, Ph. B. Bowling Green, O.
Sigma Alpha Epsilon, Phi Mu Alpha

Bethany College, 1; Glee Club, 1, 2, 3, 4; Manager, 4; Quartette, 3, 4; Denisonian, 2, 3, 4; Adytum Board; Pan-Hellenic Council.

"Vic" has been a handy man in musical and literary circles in the capacity of Glee Club manager and athletic reporter on the Denisonian. Although originally a member of the class of '22, he has come back for another year with us. Verily we say, either it is Denison that hath charms or 'tis one of the fair sex. "Vic" has been responsible for many of the thrilling accounts of Big Red victories in our Denisonian.

DEMA WHEATON, Ph. B. Hebron, O.

Dema is another one of those souls who consume hours and hours of education courses. She has been known to look intently, seeming to follow every word that is being spoken—yet when called upon suddenly, she will excitedly whisper "What did he say?" We are not giving out any secrets in this column, so we'll stop here.

ESTHER STARK, A. B. S. C. Granville, O.

Classical Club, 1, 2, 3, 4.

The great bug-bear of all literary committees is the fear of being trite, consequently we hardly dare mention Esther's grades, her sterling qualities as a prospective teacher and her true worth as a friend.

KATHERINE L. WHITNUM, Ph. B. S. C. Warren, O.

Student Volunteer, 1, 2, 3, 4; Modern Language Society, 4; Big Sister, 3, 4; W. A. A.; Hockey, 4.

Katie is one of the few people who "go quietly about their appointed tasks." Her work is always prepared, but somehow she seems to manage it with out complaining about how busy she is. The hockey team of '23 found that she made a good goal, and her feet and stick served them in several games. We'll miss her a great deal next year.

RICHARD R. WILLIS, B. S. Washington C. H., O.
Beta Theta Pi

Class Football, 1, 2; Class Basketball, 1, 2; Class Baseball, 1, 2, 3, 4; Class Track, 1, 2, 3, 4; Varsity Track Squad, 2; Varsity Football, 2, 3, 4, Captain 4; Varsity Basketball, 3, 4; "D" Association; Green Friars; Geological Society, 2, 3, 4.

Whenever we think of Dick we see a man in football togs crashing through the line to break up a play or grabbing the ball off the backboard in a basketball game. And Dick has made more than his share of A's as well as more than his share of D's. We don't know how you do it, Dick, but we know you've got the stuff.

19

WILLIS H. WILLIS, A. B. Washington C. H., O.
Beta Theta Pi

Alligator; Green Friars; Class Football, 1, 2; Varsity Football, 2, 3, 4; Varsity Track Squad, 2; "D" Association, 3, 4; President, 4; Pan-Hellenic Council, 4; Classical Club, President, 2; Adytum Board; Honor Court, 4.

Need a football player, a whisky tenor, a good student, or an all-round fellow? Call on "Pete." We can't forget those long runs for the goal line on Deeds Field and the other big things that "Pete" has done for us. We wish there were a dozen more Willises coming. It is hard to think of a college year without "Pete" and "Dick."

ELOISE SANFORD, Ph. B. Granville, O.
S. C., Delta Omicron

President, Delta Omicron; Glee Club, 3, 4; Big Sister, 4.

Eloise finished her regular college work last year but has remained with us another year to add to her already satisfying store of musical ability. Her voice has charmed the ears of many Denison audiences, both in religious service and in concert.

VERA M. RICE, A. B. Park Rapids, Minn.
Kappa Phi

Minneapolis Kindergarten College Graduate; Chicago Baptist Training School Graduate; White Nun; Masquers, 3, 4; Jaw Bones; Big Sister, 4; Student Council, 4; Y. W. C. A. Cabinet; Debate Team Captain; Ex. Com. Student Fellowship for Life Service.

It may seem rather superfluous in us to call attention to what Vera has done when you can judge from her list of activities just what she has meant to Denison. Besides being the most responsible person ever, Vera is a mighty good sport and is lots of fun. Ask any girl who went to the Y. W. Cabinet House-party how they could have managed without her.

MARGUERITE TRIBOLET, B. S. Chicago, Ill.
Chi Psi Delta

White Nun; Big Sister, 3, 4; Geological Society, 2, 3, 4; Secretary, 3; Delegate to Eaglesmere, 1; Adytum Board, 3; Y. W. C. A. Cabinet, 3, 4; Pan-Hellenic Council, 4; High School Y. W. Advisor, 1, 2, 3; Honor Court, 4; Student Council, 4; Vice President, 4; W. A. A.; D. U., 3, 4; President, 4; Athletic Board, 2, 4; Secretary, 2; Swimming, 2, 3; All-Shepardson, 3; Tennis, 2, 3, 4; All-Shepardson, 4; Basketball, 2, 3, 4; Baseball, 2, 3; Hockey, 4.

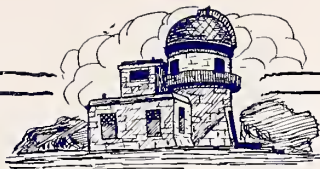

"Midge" has been prominent in every activity in school. It really seems impossible that one person could accomplish so much. Lots of "schemers" have shuddered when told that "Midge" wanted to see them. But no one could have been more tactful and understanding than she when you finally got up nerve and went to see her. As an athlete she is not to be surpassed, and if you can catch her off dignity she's a vaudeville worth watching.

HALFORD E. WHITACRE, B. S. Granville, O.
Beta Theta Pi

Varsity Track, 2; "D" Association; Adytum Board; Chemical Society.

"Hal" intends ministering to humanity as a medical man some day and he has distinguished himself at Denison as a pre-medic student. He has fallen a victim to Cupid's arrow and will now have some one waiting up for him when he returns from late calls.

23

J. SCOTT WILSON, Ph. B.

Newark, O.

"Scottie" has not been particularly active since coming to Denison for he has tramped back and forth from Newark to Granville. We cannot help feeling that there is an attraction sufficiently large for him in the first named place. Nevertheless he has made his influence felt among a host of friends whom he has known. This year he has been Prof. George's right hand man in matters of Political Science.

DOROTHY WHITTINGTON, Ph. B.
S. C.

Akron, O.

Northwestern University, 1; Lawrence College, 2; Masquers, 3, 4; Debate Squad, 3; Home Service Band, Secretary, 4; Denison Oratorical Society.

When Dorothy isn't smiling at you she has a far-away dreamy look that makes you wonder on what philosophical problem or about what debate she is pondering. However when you talk to her you realize that she delights in discussion of any kind, be it philosophical or not. In fact we believe sometimes that she really prefers the "not."

FRANK L. WINDLE, B. S.

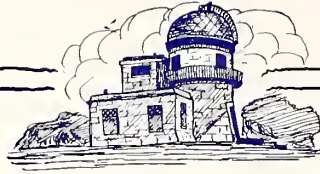

Newark, O.

Sigma Chi

Class Track, 1, 2, 3, 4; Basketball Manager, 4; Denison Engineering Society, 4; Denisonian, 2, 3, 4; Flamingo; Adytum Board; "D" Association.

"Si." When we think of him we think of student, athlete, comedian, and plumber, all in one, for he has made advances in all fields. "Si's" career in Denison has been an active one. He has been a loyal Denisonian and has followed the teams through thick and thin. His contributions to the college publications have been numerous, and we have all felt his characteristic wit and humor. Here's hoping that he may wield his store of knowledge in his chosen profession just as efficiently as he wielded the pipe wrench in the early days. We're wishing him success, and lots of it.

Senior Class Poem

The Spirit of Denison

Crowning Granville's stately heights
From strife of men apart—
So dost thou stand, O Denison,
Today within our heart.

We grant thee honor that thou dost
Not bid us rise to fame;
An ideal nobler far than this
Is echoed by thy name.

We do not find thee teaching man
That wealth is life's chief end
Toward which he must direct his powers
And all his efforts bend.

And in thy message to this world
Dost thou attempt to show
The highest good they ne'er may reach
Who only pleasures know.

But thou hast proven to thy sons
In every word and deed
The Master's will must be fulfilled
However slight the need.

No mortal enters in thy gates
But that he's led to find
The spirit of His life portrayed
In service to mankind.

And so would we in going forth
Proclaim thy mission far;
Nor would we let aught interfere
Which will this purpose mar.

—Lillis Howard.

Junior Class History

19 The simple law, handed down from some unknown source, concerning the abilities of the even numbered classes has found no exception in the class of 1924. But rather, what better proof could be produced than the uncolored records of the still incomplete history of the bearers of the purple and buff? In saying this we are by no means crossing the bridge before we come to it because already we have fought our hardest battles and have easily won each of them. Never has a green button been countenanced in our midst, not even among our young charges.

The autumn of 1920 found us inexperienced but willing and able to learn. Our first test was not long in making its appearance and, although pitted against a veteran foe, we easily won our first victory.

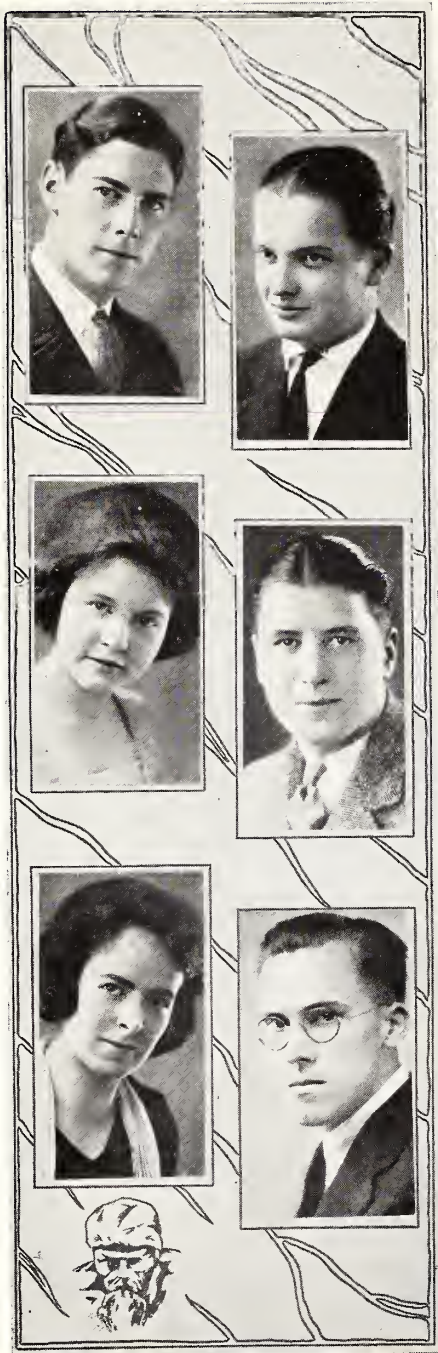

Scrap Day of the following year found us again face to face with a much stronger force, but never for a moment doubtful of a successful outcome. And even so our beliefs were borne out, for once more right overcame might.

This undaunted spirit of the class has been our means of success in all college activities. Our representatives have carried it onto the football field and the basketball floor, not to mention the literary, musical, dramatic, and religious activities of the old college.

The Junior Banquet will never be forgotten by any of the members of the class. This event was particularly unusual in that it lasted for more than one evening. That is, the picture show part was taken on the installment plan.

And now we have completed the third lap of our college course, yet there still remain more victories to win. We can say truthfully and with pride that during every moment of these three years in Denison, 1924 has stood for the things that the true spirit of the school stands for. May she continue the good work.

Sophomore Class History

19 In the fall of 1921 there entered Denison University, a class strong in numbers and enthusiastic in spirit. At first their only merit seemed to be in their great numbers but they were soon organized and their strength became equal to their size. Their green look soon disappeared and though the men were compelled through some unlucky fate, to wear their green buttons all year, they wore them like true sportsmen.

As Sophomores they took more interest in college activities than is usually the case with people of that rank. The Varsity Football Team would never have had the successful season that it had this year without its four Sophomore stars.

In basketball the class has won high honors, several of its members having won a place on the Varsity Squad.

Along literary lines '25 is prominent with several members on the Debate Team.

And so they have passed two out of their four years, loyal, first to Denison, and then to their class in whose honor and greatness each one of them has all confidence and trust.

The Good Ship 1926

On September the twelfth, 1922, the good ship 1926, manned by an inexperienced and unorganized crew, sailed into the fair port of Granville and cast anchor. For many days the good ship lay in the quiet of the harbor while it's crew went ashore and fraternized with the inhabitants who called themselves Denisonians.

Realizing that the ship could never be able to weather the storms of the future without a leader and that it could never ride the crests of a pleasant sea without a flag to proudly float from its mast and proclaim to the world its colors, the crew of the good ship assembled and chose a most worthy leader, and selected its banner.

Since then it has entered every sea, answered the call of every activity and triumphantly placed its name among the great. Late in October a pitched battle was fought with the ship of 1925 and again the crew of the good ship 1926 showed its stuff and defeated its rivals.

Banded together under one flag, in one bond, the crew has directed the ship in admirable style and has stood the test of the initial year with all its storms and new experiences.

WALTER J. LIVINGSTON, Coach

Livy's constant devotion to his Alma Mater has brought to Denison success in athletics and an enviable and honorable position among Ohio colleges. Denison's teams have been taught to fight, and to fight hard, but above all to play clean. It is in such a man as Livy, whose ideals are high, whose loyalty to his school is unstinted, that the confidence of every true Denisonian is placed; and the appreciation which he so rightly deserves for the services he has rendered is ever forthcoming from Denison followers.

"D" Association

Membership in the "D" Association is accorded only to those who have earned the right to wear a varsity letter. The "D" Banquet, a formal dinner given after the initiation of the candidates each autumn, has come to be one of the big events of the year.

Among other things the "D" men supply the freshmen with the traditional caps in September. Their interest does not end there, however, as they are insistent on the wearing of the caps during the entire year.

SAMUEL BECKER
Cheer Leader

As official leader of Denison's cheers, "Sam" has proved himself a live wire in arousing pep and spirit in the crowds at the games. Ably assisted by Dick Swartzel and "Shorty" Quinn, Sam has spent many hours in preparing and conducting pep meetings where the "dope" may be mixed for the morrow's game.

Review of the Football Season==1922

The 1922 football team representing the Big Red will go down in history as one of the best and most powerful elevens ever developed by Walter Livingston. True it is that they were outscored in three contests, and it cannot be denied that they finished a few steps lower down the conference ladder than other teams of the past decade. Yet it can not be truthfully said that the varsity warriors were outplayed in any of the three clashes which brought negative results to Denison.

On September 30th the squad journeyed to Pittsburgh to open the season with Duquesne University. Only five plays were uncovered during the afternoon's scrimmage and the Big Red had little difficulty in winning 9-0, the result of a touchdown and a safety.

The following Saturday the husky Wilmington aggregation came to Granville. Coach Harper's squad possessed plenty of beef and brawn but it was the same old story, "The bigger they are the harder they fall." Though outweighed some twenty pounds to the man, it remained for the local squad to demonstrate some of the fine points of the science of football to the downstate crew. The game was hard fought throughout, especially in the first half, in which neither team registered.

The first big jolt came when the team went down to Athens a week later. Although possessed of a strong defense and a scoring punch, Denison's men fell before the greatest enemy to modern football—fumbles, and gave Ohio University the best of a 7-0 score. Denison's twelve first downs as compared to Ohio's two shows to some degree the extent to which the Big Red was jinxed.

Wittenberg took advantage of the same fumbling habit when they appeared on Deeds Field on Friday, October 20th. In a loosely played contest featured by plenty of scoring, the Lutherans emerged victors with a 27-20 lead.

It was at Dayton, the last Saturday in October that the Denison warriors staged their expected comeback which gained for them the title of "wreckers of championship hopes." In the annual gridiron classic with Miami, the Big Red passed its way to two touchdowns and a 12-6 victory. Miami's score came as a result of an onside kick which caught the whole Denison eleven asleep. At last the Miami jinx of seven years standing had been broken. Miami was clearly outplayed during the entire game—failing to make a single first down in the first half and only two during the last thirty minutes of play. It is interesting to note that Denison crossed the Miami goal line twice, while Wesleyan won out by two place kicks and Oberlin by a field goal, forty seconds before the final whistle.

Livingston's rejuvenated eleven continued their great comeback the following Saturday and officially dedicated Deeds Field with a brilliant 10-0 triumph over Wooster. The Presbyterians came down from the North with a clean record of decisive victories and were quite surprised at the strength of the Denison attack which fairly swept them off their feet.

Cincinnati fell before the well-drilled machine for the sixth consecutive season, this time by a 22-0 count. The Queen City combination was not able at any stage of the fray to halt Denison's well developed attack.

Heidelberg was encountered at Tiffin on November 17, and offered little resistance to Denison's onward march. Varsity experienced little difficulty in piling up a 38-7 margin and nearly every member of the squad got into the play.

Practically all Ohio was interested in the final clash with Ohio Wesleyan on November 25. More than 6000 people, including some 2000 Wesleyan enthusiasts, braved the first snow storm of the year to pay their tributes to two of the finest elevens that had performed within the Ohio Conference in recent years. It is doubtful if any Denison team entered a contest in better condition or with a more determined spirit than did the eleven stalwarts who lined up for the first kickoff against Ohio Wesleyan. As a result of Pete Willis' sensational run and Jefferson's touchdown the Big Red held the superior hand and a 13-7 lead well into the fourth period. Then the deciding break robbed Denison of what seemed a certain victory. It was hard to lose under such circumstances and as we marked up defeat No. 3 we could not help but think that the Gods of Fortune had dealt rather harshly with Denison's football forces.

R. WILLIS, Captain
All-Ohio Tackle

"Dick" captained the Big Red this year. He has played a consistent game at tackle during the three years he has played with the varsity. We have yet to see the time when Willis was outplayed, and we have seen but very few gains through his tackle.

CALHOUN, Captain-Elect
All-Ohio Center

Calhoun's three years' (including the S. A. T. C. football season) playing with the team and his selection to the All-Ohio team has won the confidence of his team-mates to such an extent that they have named him as captain-elect of the 1923 eleven. Enoch is a valuable man on the defense as well as the offense.

HALTEMAN, Manager

"Fritz" managed the Denison team this year in a very business-like manner. He has been dubbed as all-Ohio manager, and it is to be regretted that such an honor cannot be given by sport writers. Fritz was a congenial traveler with the team, but a hard boy to beat in finances.

JEFFERSON, End
All-Ohio End

"Jeff" is a hard man to beat when it comes to nabbing forward passes. He has played at end with the Big Red during the past three seasons, and his place will be a hard one to fill on next year's eleven.

LYNE, End

"Tillie" held down the left end position. He was a sure man in receiving passes, and he played a very consistent defensive game. Lyne played fullback for the Big Red during the S. A. T. C. year, but proved an even better end. He was mentioned All-Ohio by several sport writers this season.

W. WILLIS, Quarterback
All-Ohio Quarterback

"Pete" was Denison's field general, and he has handled the varsity in such a manner that he has been chosen unanimously for that position on the All-Ohio. Pete punts, passes, bucks, and in fact excels in all departments of the game.

McLAIN, Guard
All-Ohio Guard

"Bill" was one of the two hardest fighting guards in the Ohio Conference. Altho somewhat light for his position, he surely plays it to perfection. Bill has played in every quarter of the season.

HUNDLEY, Halfback

"Bernie" played his second year with the Big Red this season. Early in the season he received injuries which kept him out of the game for a few weeks, and it surely looked good to see him back in at halfback in the game with Miami.

HENDERSON, Tackle

"Bob" does not have much to say, but his actions surely speak when he gets into his football togs. He played tackle with the varsity the past two seasons. Henderson is a hard hitter and a sure tackler.

MILLER, Fullback

"Mike" is Denison's heavy and hard hitting fullback. He is a big man to jump up against and a sure ground gainer for his team. Miller is another one of Denison's all-around athletes.

ROGERS, Halfback

"Tommy" has shown a great deal of skill as a back-field man this season. He started the season as field general, but was shifted to a halfback after Pete was able to be in the game again. He is a flashy runner, and has made many long gains for Denison.

ALLEN, Halfback

"Crappy" played his first inter-collegiate games this season. His long passes worried the Big Red's opponents in many games. His "educated" toe made many points for the varsity by goals after touchdowns. "Crappy" is a hard tackler and a consistent halfback.

STEADMAN, Guard
All-Ohio Guard

"Livy" is the other one of the hardest fighting guards in the conference. He is a light hardhitting guard. Steadman's work as defensive fullback for the Big Red was nothing short of spectacular.

BRIDGE, Tackle

"Ed" played a tackle on Livy's machine. He was a hard fighter and was a good man in breaking up plays. It will be largely his task to fill the place left vacant by Captain Dick.

KNIEBLER, Fullback

"Art" battled with big "Mike" for the fullback position. He was a good line buckler, and picked the holes through which to gain. As his first season with the Big Red Art's work on both offense and defense was noteworthy.

Basketball == 1922

The first game of the season was played with Antioch on December 17 and the Big Red won rather easily with a score 32-15. Stone and Rettig were the stars of the contest, the former making a half dozen baskets.

Denison opened the conference season with a win over Otterbein 39-17 on January 14. The Big Red jumped into the lead at the start of the game and was never headed.

Wooster received her only defeat of the season when she came to battle with the Big Red on January 19. Spurred on by the memory of the football defeat in the fall, Denison sent the Presbyterians home on the short end of the score 32-27.

On the next Saturday night Denison played her first away-from-home game at Akron and lost it 28-23. The game was fairly close most of the time. At the end of the first half Akron lead 19-17.

On January 28 Wesleyan brought one of the best teams that played on the local floor all year to Granville and handed Denison the only defeat she received in Cleveland Hall during the season. The final score was 29-23.

The game with Ohio State was one of the high spots in the 1922 season. Denison won this contest 34-31 due mostly to the brilliant playing of Captain Rettig. He sunk shots from all angles of the floor and succeeded in registering ten buckets against this Western Conference team.

Denison was far off color in her game with Wooster on February 9 and received one of the worst lickings of the year, 29-12.

Miami was the next team that the Big Red met and they were sent home defeated 36-28. Miami seized the lead at the start of the game but before the half ended Denison had caught them and were out in front 19-18.

On February 21 a team composed of former Big Red captains took the Varsity into camp in an overtime game 32-31. Livy was responsible for the All-Stars victory in the extra period as he was the one that caged the basket.

On Washington's birthday the team journeyed to Delaware and received their second defeat at the hands of Wesleyan in an overtime game 29-26.

The Big Red avenged their defeat at Akron when they met the Rubber City team in Cleveland Hall on February 24 and took them into camp to the tune of 33-22.

On a trip to the southern part of the state the Denison quintet first knocked off Miami again in a scoring orgy, the final result being 52-45. This was the most points scored in any game that the Big Red played all season. Rettig caged nine buckets.

At Cincinnati two nights later the team humbled the Queen City five 28-23. The game was close most of the time, although it was noticeable from the first that the Big Red had the better team.

The last two games of the season were played with Ohio University. The first was played in Granville on March 7 and the Big Red defeated last year's conference champions 29-25 just as they had done the year before. In the second half the Big Red showed a reversal of form and ran up 21 points while the Athens five had difficulty in scoring 7.

In the last game of the season Ohio University got revenge for her defeat at Granville by handing the Denison warriors the short end of a 36-16 score. The game was Ohio's throughout.

RETTIG, Captain
All-Ohio Forward

"Bob" served three years on the Big Red Five and each season was better than the preceding one. For two years Bob was chosen on the All-Ohio team at forward. He won these honors on his basket shooting ability and general all-around usefulness on the basketball floor, especially in the game with Ohio State.

JEFFERSON, Captain-Elect

"Jeff" played a consistent game at center almost always getting the jump. Playing a stationary guard he made it a hard problem for opponents to get the ball off the backboard. In the several games that he was used at forward he showed his ability also as a scorer.

19

23

STONE
All-Ohio Forward

"Red" is another man with three years service on Denison's team and was also an All-Ohio man for two years. He was without a doubt the fastest man in the conference on the basketball floor. He was a bear on the defense and quite frequently sneaked in a few buckets on the side.

GUCKERT, Guard

"Guck" is another member of the trio who have played three years on the Big Red. He was a consistent player and gave his best to keep the Denison Basketball reputation at a high point. His excellent guarding kept down the opponents score in many games and he also accounted for some points in nearly every game.

CALHOUN, Forward

Eric playing his second season on the Big Red showed up well. He is a real ground coverer and is a competitor of Stone when it comes to speed. Enoch's specialty is under-basket shots but he could drop them in consistently from all angles.

JENKINS, Guard

Although playing his first year on the varsity Bill fast filled the shoes of his brother. Bill was everywhere at once and gave the opposing forwards no end of trouble. He is a splendid guard and a good shot.

LUSK, Manager

Ralph proved to be a very capable manager and had the esteem of every member of the team because of the efficient way he looked after their needs. The team had seven games on the road and it took a good man to keep things running smoothly. Much credit can be given him for his excellent managership.

Track

Track at Denison is coming every year more into the realm of the major sports. Last year was the last for the track squad on old Beaver Field and under the leadership of Captain Owen the last season on the old field was a distinct success.

For the first time in his coaching career, Livy devoted his entire time to the training of the track team. Additional assistant coaches relieved him of the responsibility of the Freshmen and Sophomore gym classes and permitted of intensive training of the varsity men.

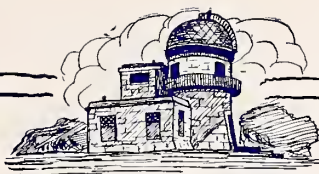

In every dual meet in which she participated Denison emerged the victor. With an unusually strong field of sprinters, as well as good distance and weight men, the Big Red team was a match for almost any competition which came against it.

The Oberlin meet was the closest contest which the Varsity encountered during the entire season. The score was still in the balance when the last event—the relay, was run. Denison's team showed its true ability by winning the race and simultaneously breaking the college outdoor relay record.

At the Big Six meet held in Columbus last spring, Denison's team won three gold and two silver medals. Varsity also placed first in more events than did any other school, taking second place for the entire meet.

The Cincinnati Sectional Meet was an occasion to try the steel of our athletes but here again Denison emerged in second place, with two gold and two silver medals to her credit.

With excellent opportunities for maximum track efficiency on the new athletic field, Denison's track teams in the next few years should not be rivaled by the representatives of any school of similar size.

19

CLARK, Captain

As captain of the Big Red track team, "Gobby" led his men through a highly successful season. His own interest in anything pertaining to the cinder trail and his fighting spirit were instilled into the whole squad. He set a stiff pace for his teammates to follow, as he usually succeeded in breaking two or three tapes in each meet. Clark was at his best in the 440 which he stepped in 50 flat.

23

KING, Captain-Elect

"Dan" showed his ability as a natural born runner early in his college career and his performances during his first year on the Varsity squad were so distinctive that he was selected to captain the squad during his Junior year. He led the field at the Big Six meet at State last spring and took first place in $2 \frac{4}{5}$ seconds. He is a hard worker as well as a good leader and his career as captain bids fair to be a successful one.

THE ADYTUM

RETTIG

"Bob" completed his career as a four-letter man in Denison athletics by breaking the college record for the javelin throw with a distance of 169 feet, 7½ inches. He also distinguished himself in the discus and shot-put events and was a consistent point-getter.

WILDMAN

"Ken" was another good man with the weights, his weight and brawn enabling him to cast the shot or javelin surprising distances. He has garnered many points in various meets and was a genuine asset to the track squad.

OWEN

"Yip" was a general utility man, his versatile athletic ability enabling him to fill in most anywhere the team happened to be weak. Captain in his Junior year, he led the team through one of its most successful seasons.

ABERNETHY

"Bob" is a record holder in both the high and low hurdle events at the Big Six meet. His form in getting over the bars was a thing pleasing to see and his steady point getting has been a factor in winning many a meet.

MILLER

"Mike" is holder of Denison's record for the shot-put, having tossed the weight 39 feet, 11½ inches. He is one of the most prominent strong-arm members of the squad and is in good form for a successful track career during his last year at college.

BUDER

"Ed" was one of the best pole vaulters ever at Denison. He succeeded in getting over the pole at a higher point than his rivals in nearly every meet. Upon occasion he was also competent to step in the 220 or the low hurdles.

HUNDLEY

"Bernie" is a gold medal man in the high hurdles having taken first place in that event at the Big Six meet last spring. He is also a formidable contender for honors on the low bars. He also does his stuff exceedingly well in the high jump.

DUCRO

"Duke" is a member of the Denison record relay team. He has been faithful in his training throughout his college career so that he is one of the most consistent runners on Denison's card.

STOAKES

Charlie is another member of the record relay team and is also the holder of three indoor records in the 220, 440 and 880. He was a great point getter while he was a member of the Big Red team and could always be counted upon to finish among the first in the field.

HALL

"Herb" is a long winded distance runner who can hold out a killing pace which is disconcerting to his opponents. The two mile run is his specialty but he is equally good in the one mile event.

SHARER

Claude was one of Denison's hardest athletes, specializing in the two mile and one mile runs. Leaving at the end of his Sophomore year, his loss is keenly felt by the track team.

STEADMAN, Manager

"Ned" was a faithful guardian of the interests of the track men. Early and late he was at hand to see that Denison's interests in the track events were taken care of.

The Big Six Cross-Country Meet was held in Granville just before the Denison-Ohio Wesleyan game last Fall. Denison placed third. Because of their creditable showing four men received their Varsity D. Not since 1911 has such an award been made, and renewed interest is expected because of this action. Denison is favored with an excellent cross-country course which should produce some winning teams when the sport is certain of its standing.

BASEBALL

THE ADYTUM

Baseball == 1922

The 1922 baseball season resulted in the development of a team that was at least the equal of the nines that have been turned out here in recent years. Although not a success from the viewpoint of games won the team was by no means a weak one. This fact is attested to by the showing made in each of the games.

Tommy McMahon, coaching the Varsity baseball squad for the first time, did not face the easiest of tasks. The material at hand was only fair and it was necessary to develop several new men for positions left vacant by some of the best players of last year's team. These handicaps were met and overcome in a manner that throws much credit on the coach for his training ability and the team for its persistent effort.

Eleven games were scheduled. Of those played four games were lost, one was tied, and one was won. The percentage of victories would undoubtedly be higher had not rain prevented the playing of the other five games, the outcome of which would have been favorable to Denison.

Otterbein was given a severe trouncing in the first contest of the season. The final score was 10-4. The second game was the most interesting affair of the season. The Big Red seemed to be evenly matched with our old rival Miami and after twelve innings in which each team scored three runs it became necessary to close the game because of darkness. During the remainder of the season the Varsity was defeated in order by Ohio, Ohio State, Otterbein, and Wesleyan. The score in each of these games was close and in the Ohio State game Denison had the victory very nicely laid away until the last half of the ninth when State rallied and won by a margin of one run.

It is to be hoped that the Varsity will not have long to remain on Beaver Field but will in the near future be able to reap the benefits of a better drained and better equipped diamond on Deed's Field.

19

GUCKERT, Captain
Infield

"Guck" as captain of the team was its mainstay. One of the best first sackers in Ohio and the best that Denison has produced in many years. His work at the bat was on a par with that of his fielding.

23

MILLER, Captain-Elect
Outfield

"Mike's" splendid record during his two years with the Big Red won for him the leadership of the 1923 team. He was a reliable man in the left field and he can be counted on to deliver the goods when placed on the mound. Further than this "Mike" was the team's heaviest hitter.

RETTIG, Infield

"Bob's" all-around ability as a short-stop, pitcher, and batsman made him a man of unusual value.

CHANDLER, Pitcher

"Prof" distinguished himself as the leading pitcher for the Varsity. His loss will be keenly felt.

JENKINS, Outfield

"Bill's" speed and sureness enabled him to cover his territory in center field in airtight form.

HERR, Outfield

"Al" was injured early in the season but in spite of the handicap he came through so well at right field that he won his letter.

LYNE, Infield

"Tillie" was a consistent player who held down the second base in creditable style.

WHITACRE, Infield

"Jim" worked out at third and at short in a manner that predicts two more big seasons for him on the Big Red.

DePUY, Infield

Although playing his first year at third base "Newt's" work was certainly commendable.

POMERSON, Manager

"Joe's" pep and amiability seemed to inject themselves into the spirit of the entire squad and the handling of the business end of his job was characterized by utmost efficiency and thoughtfulness.

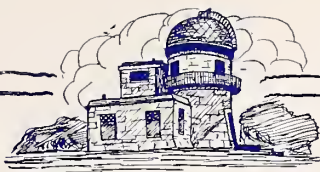

The Squad

Back Row—McMahon, Coach, Guckert, Jenkins, Rettig, Miller, Pomerson, Manager.
Front Row—Chandler, Dean, DePuy, Whittacre, Herr.

TENNIS

THE ADYTUM

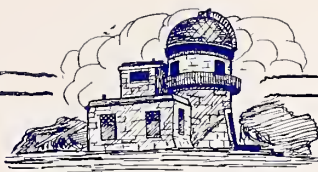

Tennis == 1922

Although not a success from the standpoint of victories the tennis season of 1922 showed a decided improvement in the playing ability of the Denison raquet team. The one and only victory was that scored over Heidelberg in the first meet of the year. It was an easy win, each of the three matches going to Denison.

19 The squad was confronted by one of the hardest schedules that a Denison tennis team has yet faced. Unusually favorable weather made it possible to play off eight of the ten listed matches. Ohio State, Capital, and Otterbein, ranked by many as the best teams in the state were among those met by the Big Red. The Varsity scored in practically every match but after the opening encounter was unable to come through with the necessary two out of three. 23

The squad consisted of four men whose playing ability was practically on a par. Three of these, Caulkins, Croneis, and Hayes, were playing their second year for Denison, and were lost to the team by graduation. Barker, the fourth member of the team, will have two more years to wield the raquet for the Varsity. The fact that each of these four men made his letter during the 1922 season is proof that at least eight individual matches were won.

In spite of the fact that only one letter man will be left to the squad we feel, in looking over the incoming material, that Denison may expect a winning team next spring. Assurance has been given that better playing facilities will be provided so that adequate practise may be had by the 1923 squad. With the proper supervision and guidance that has been promised the excellent material on hand should result in a team that will give Denison the same standing in tennis that she maintains in other sports.

Intramurals

The intramural sports have grown to enjoy a wide popularity at Denison. Both fraternities and classes enter wholeheartedly into the various events which are scheduled from time to time throughout the college year. The winter series of inter-class and inter-fraternity basketball games claim perhaps more attention than any other local sport.

19 The games of the 1921-22 season were fought with keen rivalry, the Commons Club coming out of the series victors after a close overtime game with the Sig Alphas. The class championship was evenly divided between the classes of 1924 and '25 but in the deciding game '24 showed its superiority and downed the Freshmen.

The Freshman-Sophomore track meet which is always noted as an indication of next year's track possibilities, ended in another victory for the Sophomores.

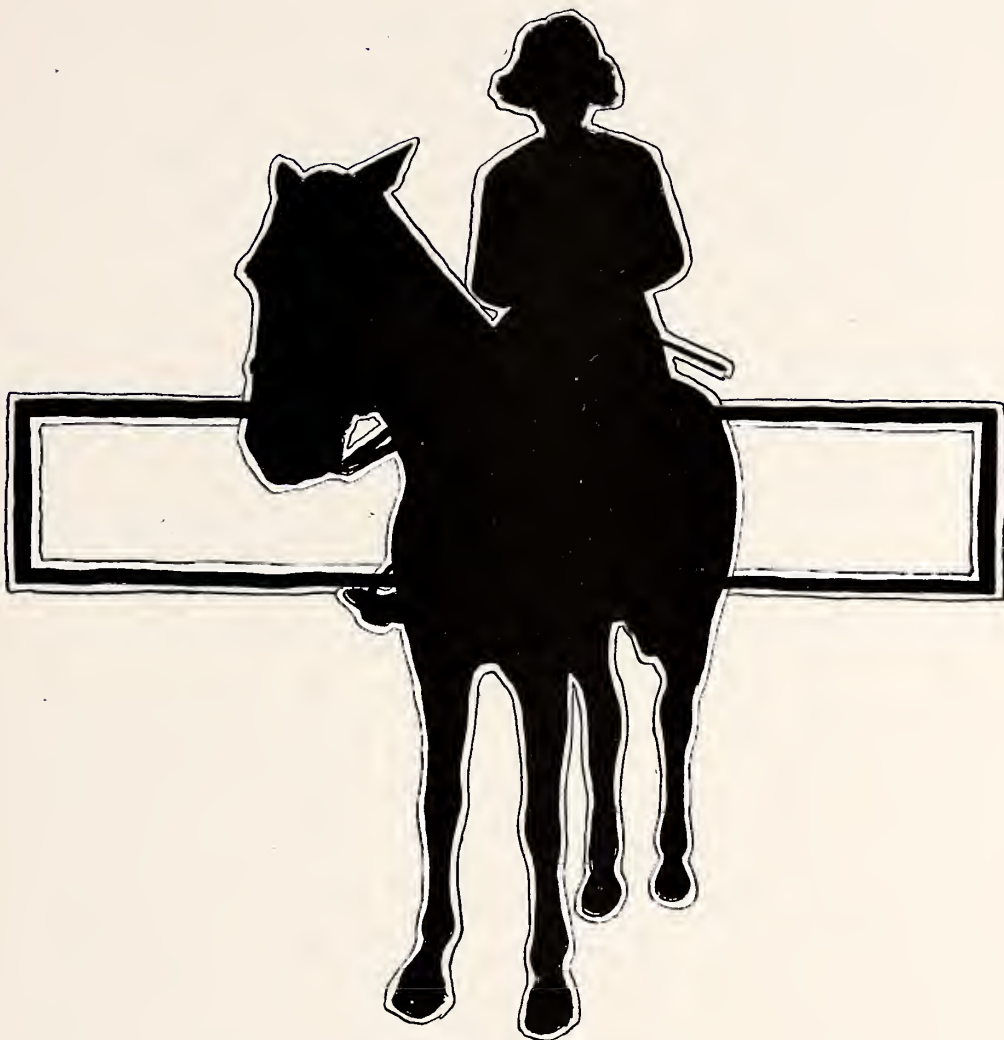

Phi Delta Theta copped the honors at the indoor track meet, the Commons Club being a close runner up. The results of the outdoor meet in the spring were much the same, the hill top boys running up a larger score than any of their opponents.

Field-day honors went respectively to the Juniors, Sophomores, Seniors and Freshmen. It was on this occasion that Rettig threw the javelin for the college record.

The Commons Club teams won both the tennis and baseball championships.

Scrap Day last fall was won by the class of 1926. The Freshmen took over their opponents in both the scrap and the relay race but were defeated in the afternoon in the Freshman-Sophomore football game.

SHEPARDSON ATHLETICS

THE ADYTUM

MISS RUTH H. ATWELL
Director of Physical Education

The growing success of the Department of Physical Education has been due in no small part to its efficient and interested director, Ruth H. Atwell. Determined and capable, she has established a department affording much fun and benefit for every girl. As an enthusiastic executive or a sympathetic nurse she is unequalled. Field Day, under her direction, was the biggest of its kind in the history of Shepardson. Much credit should be given her for the success of the dance drama, "Springtime in Hellas," as well as the numerous contests, the posture drive, gymnasium demonstrations, and the regular classwork. She has put her whole interest into the work and has given her best.

With the success and growth of the Department, a second full-time instructor was added this year. Fortunate are we to have Margaret Chesney to fill this place. With her pleasing personality and her kindness to everyone she has won the hearts of all the girls. Capable as a teacher and successful as a coach she has proven a real value to the Department.

MISS MARGARET CHESNEY
Instructor of Physical Education

Women's Athletic Association

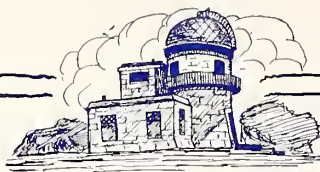

R. CAMPBELL, President H. YEAKEL, Custodian H. DICKINSON, Vice President
R. KIMBALL, Treasurer L. LUSK, Secretary

Great interest has been taken in the W. A. A. made possible by the Department of Physical Education. It is the group of athletes who are most alive in their interest in sports.

As a member of the National W. A. A. the local organization uses a point system, one hundred points required for membership and seven hundred for a D. U. Material awards were abolished this year.

The point system is as follows:

Regular on class team	100
Substitute	25
Hiking—50 miles per semester	75
All-Shepardson	25
Swimming Championship	25
Tennis—Spring champion	100
Runner-up	50
Archery champion	50
Dancing or apparatus honors	100

Swimming

MARJORIE STANTON, Champion

Shepardson College is proud of her swimmers! In the Spring of 1922, with Harriet McCann, head of the sport, enthusiasm was not lacking. The Class of 1924 won the swimming championship in the annual meet. The events in the contest included diving, plunge for distance, floating, the Australian crawl, the trudgeon, and the breast, back, and side strokes.

Marjorie Stanton excelled in form, ease, and accuracy in swimming, and for the second time was awarded the individual championship cup.

The All-Shepardson team was composed of Marjorie Stanton and Margaret Barbour.

Tennis

GLADYS JONES

MARGUERITE TRIBOLET

The tennis enthusiasts enjoyed another interesting season in 1922. Charlotte Larsen, as head of the sport, gave the needed impetus to the class tryouts and tournaments. The champion team in the fall contest was the Class of 1923.

Gladys Jones, with her swift, sure stroke, and quick service, won the individual championship in the spring tournament.

The members of the All-Shepardson team were Gladys Jones and Marguerite Tribolet.

Basketball

Lois Jones

Helen Yeakel

Dorothy Daub

Lois Lusk

Helen Dickinson

Basketball, the major winter sport, was characterized by keen class competition and hard playing. As champions, the Class of 1923 carried away the banner and cup. The first annual Yale-Harvard game was played by two picked teams. Helen Dickinson was Head-of-Sport and was a member of the All-Shepardson team which was as follows:

Harriette Dobson	Forward
Lois Lusk	Forward
Helen Yeakle	Center
Lois Jones	Center
Helen Dickinson	Guard
Dorothy Daub	Guard

Baseball

Helen Scott, Ruth Campbell, Mary Pirsch, Marjory Sutherland, Barbara Valentine, Helen Yeakel, Charlotte Larsen, Marian Shorney, Vella Anderson.

Though more or less a Spring sport, baseball finals at Shepardson are played in the fall on Field Day. Marjorie Sutherland in her usual efficient way directed a very successful season. The Class of 1924 won the championship which helped greatly in their winning of the entire meet. The All-Shepardson players are: Marion Shorney, Marjorie Sutherland, Helen Yeakle, Ruth Campbell, Barbara Valentine, Charlotte Larsen, Vella Anderson, Mary Pirsh, and Helen Scott.

Hockey

Anne Roberts, Kathryn Wolf, Lois Lusk, Maude Gill, Louise Darrow, Florence Smalley, Grace McCrillis, Helen Dickinson, Juanita Jones, Anneta Lang, June Phypers.

Hockey is yearly coming more into favor as a fall sport and as a result, Geneva Ellison, head of the sport, has had little trouble in arousing interest in it. Beaver Field was used as a playing ground. After a hard fight, the Freshman, class of 1926, won the championship. The All-Shepardson team was made up of Helen Dickinson, Louise Darrow, Florence Smalley, Kathryn Wolf, Lois Lusk, Maude Gill, Juanita Jones, June Phypers, Anne Roberts, Anneta Lang and Grace McCrillis.

Archery

Thelma Hawk, Eunice Fellman, Mildred Alexander, Geraldine Crow.

Archery, with its historic background, the charm and beauty of its bow and arrows in Nature's setting, makes a warm appeal to the students of Shepardson College, not to mention the fascinated glances from passersby of Granville College!

The Class of 1924 won the championship in the annual contest.

Eunice Fellman won the individual championship in the Spring of 1922.

With arrow straight and true,
And bow in hand, so firm,
With skillful move and keenest aim,
Our archery champion wins her fame.

The All-Shepardson team consisted of Geraldine Crow (head of the sport), Thelma Hawk, Mildred Alexander, and Eunice Fellman.

The Masquer's Club

The Masquers represent the best in dramatics at Denison. It is largely through their efforts that the interest in dramatics at Denison has steadily increased each year.

In addition to giving three plays each college year, the organization is often instrumental in bringing well-known speakers to Granville. The increasing experience of the players, guided by the ability of Professor E. P. Johnston as coach, has resulted in the production of many plays of genuine merit.

The first dramatic effort of the club this year was "Stop Thief," presented in December. "The Admirable Crichton," presented in March, was one of the most pretentious plays ever given by the organization.

The Student Volunteer Band is a group of Denison students who have heeded the call, "Go ye into all the World and preach the Gospel to every creature." They have banded together to pledge themselves to the purpose of giving their lives to the service of their Master. The Volunteer Band holds weekly meetings where the members study and gain inspiration for the work for which they are preparing themselves.

The activities of the Denison Y. M. C. A. during the past year were met with such distinct success that the out-going administration may well congratulate itself.

The financial drive last fall to raise money for the year's budget was responded to by the students to the extent of over \$1,700. The apportionment set aside for the support of Dan Dye, Denison's missionary in China, was also increased this year.

The Fall Retreat held at Buckeye Lake last autumn was full of inspiration for all who attended. From ideas gained at this meeting, campus service and religious activities have been improved. The "Y" Book Store has been well patronized and the Student Sunday School has been well attended. The social service committee has also been active among the boys of Newark and the Hi Y clubs of Newark and Granville are doing good work among the younger boys.

Dr. Albert Beavin was selected as the leader for the Week of Prayer and his meetings were not only well attended but were productive of a real spiritual uplift for the entire university.

The Y. W. C. A. during the past year has been active, among other things, in helping the new girls get the most out of their first year at Denison. The loyal support of college ideals and the attainment of spiritual inspiration is one of the things which makes the Y. W. C. A. one of the biggest factors in the Shepardson woman's life.

The activity of the membership committee has resulted in almost every girl becoming a member. The financial drive instituted in the fall in conjunction with the Y. M. C. A., was highly successful last year.

Americanization and industrial work among the foreign element of Newark has also claimed a large amount of interest.

Delegates are sent annually to the national Y. W. C. A. conference at Eaglesmere, to the National Convention and to the Oxford Industrial conference.

The members of the Ministerial Association are young men of Granville College who have been called to enter the Christian ministry. Many of the members are already active in ministerial work, journeying on week-ends to churches throughout the state to preach the gospel. Some of the members have regular pastorates and all are active in the various religious activities of Denison. Closely allied with this organization is the Gospel Team which is sent to the churches of the state by the Y. M. C. A.

University Glee Club

WM. PRITCHARD
Student Leader

Under the able directorship of Professor Karl Eschman and the leadership of William Pritchard, a Junior, the University Glee Club has enjoyed one of the most successful seasons during its twenty-two years of organization. Tryouts were held earlier than usual at the opening of the present academic year in order that a Thanksgiving trip might be arranged. With more than a hundred men competing for places on the squad, a large club of forty members were selected. Twenty-four of these made up the traveling contingency, their selection being based upon musical ability and faithfulness to the work of the organization.

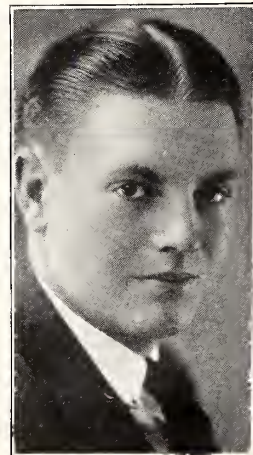

During spring vacation the management arranged for an extended trip through the northern part of Ohio and parts of Michigan. The cities included on the tour were Attica, Bowling Green, Toledo, Defiance, and Detroit, Mich. Two days were spent in the latter city. This trip was the earliest made by the Club during its organization.

Traveling in a special B. & O. coach, the Club appeared in cities in Ohio, Pennsylvania, and West Virginia including Cambridge, Bethesda, Wheeling, Pittsburgh, Gallipolis, Rio Grande College, and Huntington.

Week-end concerts were given in Newark and Alexandria. Plans are under way to visit Cleveland, Youngstown, Dayton, Cincinnati, and one or two cities in Kentucky. The Home concert given on May 18 proved to be better than usual. The season closed when the Club competed with the Federated Glee Clubs of the state in a joint concert at Memorial Hall in Columbus on June 2. Denison is a charter member of the state organization.

The program arranged by Professor Eschman was so varied as to meet the approval of all types of musical patrons. In addition to the regular semi-classic and lighter and more popular numbers used as glees, the instrumental, solo, and quartet numbers appealed to the most critical audiences. Using such a program with excellent rendition, the Club this season has established its place as one of the first of the student organizations of the University.

The management aimed to visit cities in which the Club had never before appeared in order that they might interest people in Denison. With this advertising feature in view, contracts were not made for profit. Even with this aim accomplished, the efficient manager, Victor Weaver, closed the season leaving the organization on a very sound financial basis.

Since its founding at Denison, Nu Chapter has proven itself active in promoting an interest in good music, especially American music, in Granville. In March, 1923, Phi Mu Alpha and Delta Omicron, the musical sorority, presented the light opera, "All at Sea," Gilbert and Sullivan dream, with decided success.

The Band

The beloved strains of "Old Varsity," played by the Denison band, attired in the red and white of our school and marching across the green-sward of Deed's Field, sends a thrill through the listener which would not be possible were we listening to other musicians. For the band has come to represent us, and the showing of the true Denison spirit has come to be a real factor in our athletic contests.

Led by Miles Levering, "peacock of the navy," and directed by Professor Karl Eschman, the Denison band produces real harmony each year at pep meetings, parades and games.

The Denison Commons Club, organized in 1917, has formed the nucleus for a gradually growing organization which is now represented on the campuses of several universities. The Club has filled a great need at Denison as it has done a great deal in developing non-fraternity men. The organization has grown in strength and influence each year and has made a beautiful home in the dormitory formerly known as Marsh Hall.

"Above all Nations is Humanity." This motto has been taken by the Cosmopolitan Club as expressive of the purpose for which the organization was founded. The Denison chapter is a member of the National Association of Cosmopolitan Clubs and is doing a great deal to draw students together who hail from all parts of the world.

Membership is extended to all who come from foreign countries and also to a percentage of Americans who are interested in Cosmopolitanism. The club holds regular meetings where the students who are in a foreign land may have social intercourse with their brother students of the United States.

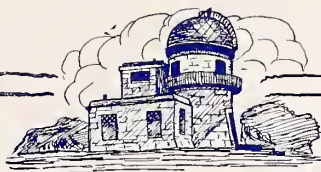

Denison Scientific Association

President W. A. Everhart, A. B.
Vice President Paul Biefeld, Ph. D.
Recording Secretary D. M. Moore, B. S.
Permanent Secretary Kirtley F. Mather, Ph. D.
Treasurer Forbes B. Wiley, Ph. D.

The Scientific Association is composed of the members of the various departmental societies. These groups meet individually on alternating weeks and discuss topics of interest to themselves and on the intermediate weeks all the clubs meet together and a topic of general interest is discussed.

Prominent speakers are often secured by members of the faculty so that these meetings are always worth while.

Through this medium students are given valuable training which they would not ordinarily receive in their regular school work. The members are encouraged to do research work in their various departments and to read on scientific subjects.

Second Row—Taylor, Calvert, Silcutt, Shepherst, White, Pimm, Treharne, Bowen, Hawkins.

Third Row—Hanby, McQuate, Keenan, Dr. Ebaugh, Prof. Everhart, Levering, Randall, Taylor.

The society has enjoyed one of the most interesting years of its existence. With a large membership, interest has been keen in subjects of interest to chemistry students. Commercial aspects of the study are considered at the regular meetings of the club so that the members may gain a practical as well as a theoretical view of the subject.

Denison Engineering Society

First Row—Doty, Rutherford, Calhoun, Windle, Bawden, Deeds, Johnston, Hla.

 Third Row—Halteman, Brelsford, Howe, Col. Clark, Poorman, Abell, Potter.

Officers

President	Fred Poorman
Vice President	Fred Halteman
Secretary	Ernest Brelsford
Treasurer	Wentworth Porter

The society is made up of men who are preparing themselves in the Department of Engineering. An intensive study is made of different phases of modern engineering and many of the society's alumni are now making good in engineering work.

Several men were taken into membership last fall at the initiation and banquet held at the Buxton Inn.

The Math club, through the interest taken by its members, has made itself one of the foremost groups of the Scientific Association. Dr. Forbes B. Wiley has been largely responsible for this development because of his interest and genuine ability in the field of mathematics.

An annual feature of the club's activities is a prize problem contest which is calculated to test the mental ability of Denison students in mathematics.

Biological Club

Top Row—Lockard, Benson, Pritchard, Nakamura,

Second Row—Talbot, Bratt, Treharne, Shephurst, Hopkins, Risley, Abernethy, Maurer.

Third Row—Galloway, Jones, Carey, Meyers, Valentine, Forsythe, Erway, Dickinson, Sutherland, Whitman.

Fourth Row—Browne, Eiszner, Williams, Prof. Lindsay, Prof. Stickney, Keeler, McQuate, Goodrich, Yeakel.

The Biology Club is composed of students and faculty members who are sufficiently interested in the biological sciences to study the important phases of the subject in addition to the regular curricular work. The members themselves review topics of interest at the regular meetings of the organization.

C. L. Herrick Geological Society

Back Row—Boggs, Jenkins, Boyd, McLain, Willis, Mather, Petty.
Front Row—Hundley, Dr. Mather, Tribolet, Lusk, Sayre, Gnagey.

This society was founded in 1907 for the purpose of promoting interest and investigation in the science of geology. Through this medium, students in this department are permitted to go deeper into the study of land and rocks than mere class-room study. Membership in the Club is limited and is considered honorary.

The Cum Laude Society

The Doane chapter of the Cum Laude Society received its charter in 1909. The society was founded at the Tome school in 1904. With about twenty-five chapters in the leading preparatory schools, Cum Laude aims to maintain the same high average of scholarship in the under-graduate schools that Phi Beta Kappa encourages in the universities.

Doane Football 1922

In the last few years Doane has been turning out winning teams which have been dreaded by many of the secondary schools of the State. The 1922 football team was of equal caliber, although it only won three of the five games played, three other games having been cancelled. Much credit is due to Coach Rupp for his skill in drilling the raw recruits as he has done in the past. With the opening of Deed's Field, the varsity left Beaver Field for the use of the "Little Reds."

Five letter men turned out when the first call was given, which with the new material made the prospects look bright. Each afternoon every man was fighting for a place on the first team; nobody was sure of his position. In a short time, however, "Babe" Rupp selected certain promising men and began giving them a stiff scrimmage night after night. These men were gradually developed into a fast line and a hard hitting backfield.

With only two weeks of practice, Doane journeyed to Toledo to play the heavy Waite High for the first time and were defeated by the score of 71-0. Although the Little Reds were fighting hard to stop the strong team, they were beaten, but they let their presence be known by consistent playing and smashing of the line on a water-soaked field.

For the second game, Doane played North High of Columbus. Doane outplayed them in every stage of the game, defeating them 20-0. The game was marked by many flashy runs and line bucks by the backfield which gained many yards for Doane.

November 4th, Rio Grande College contended with the Little Reds at Granville. In this game Doane suffered its second and last defeat 20-12. The game was very fast, each team being unable to stop the other so that the winner could not be declared until the final whistle was blown.

Doane Basketball 1921-1922

Doane Academy again completed another successful season, having won four and lost two games, and upset the dope when they defeated the highly touted Freshman team. The team is to be congratulated as a whole and Coach Rupp in particular for the fine showing this year.

The first game of the season was played with Hebron and resulted in a victory for Doane by the score of 29-27. The game was fast and uncertain throughout with Doane winning in the end because of her superior teamwork.

East High of Columbus came to Granville for the next game after which they were turned back with the short end of the score 20-17. It was a hard fought game; neither team could be called winners until the end. Captain Boughton displayed a keen eye for the basket.

The next game was played with Granville High, the Little Reds winning easily 43-7. The game was uninteresting throughout except for the good offensive work and accurate shooting of the Little Reds. Boughton made seven baskets and five fouls for a total of nineteen points. Hamilton and Blackmur followed closely with six baskets apiece.

The Little Reds journeyed to Toledo where they were defeated 19-18 by Waite High. The Toledo aggregation sought revenge for last year's defeat at Granville, and they got it, although it was not an easy task. The final whistle saved them from a probable defeat because the Doane offense began to get under way at the last moment.

The next week Coshocton furnished an easy victory 32-9. The game was slow and uninteresting because of the weak opposition. The Little Reds displayed excellent passwork at all times. Blackmur starred for Doane, sinking in five buckets.

In the last out-of-town high school game, North High of Columbus took the Little Reds into camp by the score of 22-19. The game was fast and rough, and undecided until the final whistle was blown.

In the last game of the season, and with all odds against her, Doane beat the highly touted Freshman team 19-9. The feature of the game was the close man-to-man defense of the Little Reds.

Doane Literary Activities

The Adelphian Literary Society, founded in 1910 to increase the literary interests of the academy girls, has done much toward forming the bonds of friendship which unite them in their pre-college days. Rules of order as well as general cultural topics are discussed at the weekly meetings of the society. This group also adds three social functions during the year to the academic calendar.

The Cicero-Irving contest is an event of annual interest which involves, not only every student in the academy, but also the greater part of the university group which allies its sympathies with one faction or the other. The debate and orations which mark this event draw far greater interest than any other oratorical event of its kind during the college year. After a close and enthusiastic contest last spring, Irving was declared the winner, this being the second consecutive victory for the wearers of the red and gold.

Doane Features

Don King (to other Little Reds in Talbot Hall)—“Beat it fellers, a bill collector just went into Bergold’s room!”

Cummins—“That so? Let’s drop around in about ten minutes, we ought to be able to touch the collector for a loan by that time.”

19 Enthusiastic Chapel Speaker—“I hope you young people realize that great things are expected of you. You are future students of the University. You are on the pathway which leads ever upward. I expect every one here to be a big man or woman.”

Shorty McLeod (from the rear)—“Gangway boys, Gangway! That lets me out.”

Society in the 400

No Adytum would be complete without a detailed account of the doings of Denison's 400. Our frats and sororities may not be of the largest but they are of the very best. Many of the facts hereinafter disclosed were gained at the expense of much effort on the part of the Adytum's private detective, whose name we are requested to withhold. This sleuth made it a point to be present at a chapter meeting of each organization, either upon invitation or incognito. If any of the following information is thought to be incorrect or incomplete, malcontents may complain to night-watchman Miller who will gladly disclose facts even more striking and intriguing.

Sigma Chi

The Sigs in their little Denison under the weeping willow were at first unwilling to admit our representative to their inner sanctum but upon discovering that he was equipped with a pullman car spittoon as well as a mail pouch they welcomed him with open arms.

The meeting was opened with a song by the whole chapter—"Who am I Sir? I am a Sigma Chi." The building committee reported on the progress which is being made on the new stone garage being erected to the west of the chapter house for the Jones motor cycles, Cockrum's town car and Amos' bicycle. Windle for the activities committee reported favorable progress. To increase the prestige of the bunch at the Sem, a program of Saturday afternoon walking dates has been arranged, five or six of the brothers sacrificing themselves each week by promenading a few of the promising sisters out the Columbus road. The musical activities of the group are also on the incline. It is largely through the efforts of Bridge and Amos that the Troubadours are what they are today and Davis is expected to make Phi Mu Alpha as soon as satisfactory terms can be arranged.

Davis is indirectly responsible for the Sig's growing popularity in a social way. As agent for hair tonic and extracts of popular brands he has made the chapter house a pleasant place to stop and the other Greeks in school are ever becoming more concerned regarding their personal appearance so that visitors may usually be found in Davis' room.

Before the meeting closed Jenkins took occasion to reprimand Allen and Lyne for conduct unbecoming Sigma Chis, alluding to the occasion when the two miscreants ran from their rooms to the Sig Alph house at-

tired in Annette Kellermans with the temperature hovering around zero. The boys took their reprimand like men however, Allen merely shedding a few tears and promising faithfully to do better, and Lyne preserving his usual dignified silence.

Beta Theta Pi

Upon being flatly refused admission to chapter meeting at the Beta house, our representative was forced to attend incognito. Securing a Chi Psi pin and gluing thereto a chip from a pop bottle he improvised a badge and after applying a liberal coating of burnt cork to his face he represented himself as being the traveling secretary of the fraternity and was given the seat of honor next to Willis and Becker.

Upon request we will not disclose the whole ritual but suffice it to say that it closes with the words, "Thank the Lord I'm a Beta." A little confusion was caused by Brothers Gabele and Rogers coming in late as they had just returned from serenading Roberts Cottage. Yes, the boys stand quite well with the Sem girls, what with instrumental serenades every night and Sammy's coy glances at the girls as they leave chapel, the fair ones are bound to fall.

The membership committee reported progress in the search which is being made for a piano player willing to wear a pledge button. Two prospects were discussed but as their terms were thought to be a little extortionate their names were not passed. During the remarks for the good of the chapter, Kimball and Jones both stressed the need for more football material next year—"the Willis boys and Jeff will be gone and we need some athletes."

Phi Gamma Delta

As every one knows, Lambda Deuteron has the championship cup for being the best chapter in Phi Gamma Delta. We never saw any of the others, but—. Our detective knew that it would be useless to try getting into chapter meeting at the Greek temple without the pass word so after weeks of endeavor he succeeded in hearing Thiele say it in his sleep. We hereby pass it on to anyone who might possibly care to use it. The word is "Front." It gains admission to the holy of holies and is the motto of the local chapter. Their house is built on that plan and the boys themselves put on front by wearing their coats on the campus.

Their meetings open with quite an impressive ceremony. The porch swing used on the typical Fiji honeymoon is kept hanging in the chapter room and while the brothers all sing, "It's big enough for one and strong

enough for two," Mead and Thiele enact the scene to keep it fresh in the minds of all.

This particular meeting was mostly taken up with a discussion as to the advisability of increasing the membership of the Masquers. Brother Ducro next directed attention to the problem of assuring an adequate supply of pig for the alumni-touching banquet each year. It was voted to purchase a litter of pigs which will be kept on the tennis court. Gale and Ced Smith were appointed official custodians of the sty. After the meeting all journeyed to the Sem where a serenade brought forth several lights—from South cottage.

Kappa Sigma

19 Our investigator's introduction to the Kappa Sig chapter meeting was somewhat of a revelation to all concerned. Thinking to dress to suit the company, our detective had borrowed Mr. Pratt's landscape gardening outfit for the occasion but even then he felt rather out of place in such a distinctly rural gathering. As the meeting opened, Levering was discovered seated on a nail keg attired in rubber boots and sheepskin, chewing tobacco and reading the Farm and Fireside. Contrary to practice, a freshman presided at the conclave. Upon inquiry it was learned that a large crowd of the young rowdies had succeeded in ousting the old regime and had elected Stibitz as head of the chapter. 23

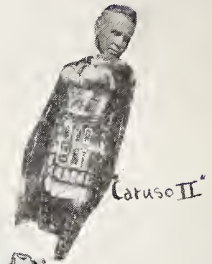

The opening song was "The Farmer Feeds Them All." Gilbert played an obligato on his euphonium. Under the heading of "new business," Steadman proposed a plan whereby it was intended to replenish the chapter coffers. Considering the increasing activity and vigilance of the student government and the increasing likelihood of schemers being caught on Sugar Loaf, it was thought that a haven of refuge for rule-breaking refugees would prove profitable. The location of the chapter house, either through accident or design is well adapted for the purpose and it is expected that the region of the Kappa Sig house will be a Mecca for beleaguered schemers this spring.

Phi Delta Theta

A Phi Delt chapter meeting is an affair at once alarming and impressive. Our representative was alarmed and their Freshmen were impressed. As the president was calling for order, Gibson and Flower came romping in, attired in pajamas and playfully batting each other with a pair of Indian clubs. The president was a trifle peeved and thoughtlessly

Faculty and Administration

threw a cuspidor at the head of the latter but that gay young blade only dodged and the flying receptacle was caught by Hod Mercer who set it absentmindedly on the floor.

After singing "I'll be a Sunbeam," the business of hiring a permanent cook was taken up. The boys on the hill have had a little trouble with their cooks lately—none of them can stand the strain. According to the statement of the last pastry expert who bid them farewell, "Dis kid's got good noives but when that there Mike Miller starts eatin' soup dis baby's done." After much argument it was voted to empower Brewer to bring a Chink from the Tenderloin district of New York with the hope that previous training would enable him to cope with the situation. This motion was amended by Austin to the effect that it should be required that the new cook know how to cook cabbage.

Lambda Chi Alpha

The boys on the ranch gave our traveling representative a typical western welcome when he arrived. The cows were all shut in the corral for the night and the boys were decked out in their white shirts and new boots for chapter meeting. As soon as the bunch was through greeting the traveler from town they all trooped into the chapter room and the meeting started. The ritual consists of the reciting in unison of "Dangerous Dan McGrew" with a saxaphone accompaniment by Branstetter.

The rushing committee reported splendid progress, especially among the faculty. The motto hung on the wall of their chapter room is, "Every faculty man a Lambda Chi or we'll know the reason why."

The treasurer reported the funds in a very satisfactory condition since the five cent fine for swearing has been assessed upon all profane members. Lowmiller and his orchestra are also helping out quite a bit since he has taken over the Buckeye Lake dance-hall concessions.

As the meeting ended rather late the boys with true western hospitality offered our young hopeful a bunk for the night. Although disturbed by screech owls and coyotes he lasted till daylight when Dawson's vocalizing sent him on the long trek back to town.

Sigma Alpha Epsilon

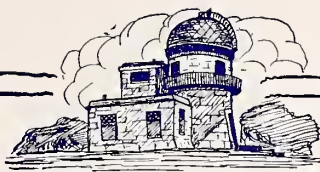

Our detective did not need to actually attend chapter meeting at the S. A. E. house to get the inside dope. He seated himself comfortably on the front porch and the boys were so NOISY that he had no difficulty in hearing all that went on. The meeting was disturbed once by a lot of Phi Delts on their way to the Old Colonial cemetery in quest of spirits.

Look 'em over, they're ours

THE ADYTUM

Some of the brothers wanted to go along but Vic said no. McLain's and Mayer's arguing could be heard as far as the Phi Gam house. The principal discussion of the evening was in regard to the wearing of knickers to classes. Weaver was the principal offender and was duly reprimanded for infringing upon the fad of another fraternity.

Calvert earnestly pleaded with the bunch to serenade after the meeting but as Tallmadge and Canary, the two principal vocalists, were dated up in Newark afterwards, the sing had to be postponed. McLain was the only one late and it was voted that he be excused from paying his fine because of the fact that he had torn his pants while coming down Mt. Parnasus. Meeting closed with the reading of the "Maiden's Prayer" by Hazlett.

Commons Club

It was not hard to gain access to the chapter meeting of the boys in the old brick as it was quite easy to lose ones self in the crowd and sneak in unobserved.

The opening exercises were read in three languages. The initiation committee then made its report which was received with loud applause. The gentler element among the Freshmen had already been put through and the committee was at the point of hiring two or three professional wrestlers and Jiu Jitsu experts to insure safety while the others were given their ride on Baldwin's goat.

Byers also reported progress on the work of petitioning Delta Kappa Epsilon for a charter. (Better make it about three, Charlie—and we wish you luck.) The need was emphasized for a grip by which the brothers might know each other when away from home. This was frowned upon however, and it was decided that the Club has enough of a grip on things already. The meeting was closed by singing "Blest be the Tie that Binds."

Kappa Phi

Our busybody was at first puzzled as to how to get into the meeting but finally hit upon the idea of borrowing Edgar's fur coat and applying a pair of elevated eyebrows. He was then perfectly disguised and attended the meeting unchallenged.

The Kappas were all absorbed with plans for remodeling their house. The Sophomores were in favor of a row of Greek pillars along the front

but Gladys said that would look snobbish and that she preferred a nice big yard instead. As for the interior, it was decided to turn one of the rooms into a miniature stage so the girls can practice their lines for the Masquers' plays without having to run clear up to Recital Hall. Professor Johnston also thought this would be a fine idea as it would save him a lot of steps too. Esther insisted that they all practice their whistle for a while after meeting so they all gather around the piano and whistled the first strains of "Hot Lips."

Chi Psi Delta

19 With the approach of spring the Chi Psis have given up having chapter meetings in their house—it's so hot don't you know. Our detective found it on the front porch of one of the town girls' homes so he didn't have any trouble listening in. It was a genuine surprise to us that men attended the meetings but such seemed to be the case. No very serious business was being considered—no doubt that came later. Our representative being a very conventional person was taken aback when he heard plans being discussed for combining the Chi Psi chapter with the Century Club of Newark. The reason for this seems to be pure utility as the uniting of the two organizations would greatly facilitate the giving of dances and incidentally the rushing of Freshmen.

The Chi Psis may be recognized wherever they go as their whistle is, "They Call It Dancing."

Sigma Delta Phi

A freshman at the New Men's Reception accidentally discovered the Sigma's chapter room while hunting for the telephone so we prevailed upon him to tell us of some of the secret doings of the Hilltop girls.

He reported that the walls are hung with banners in old rose and pink which may be utilized in later years as covers for baby carriages. The chapter meeting is always opened with one or two verses of "Do I," a song which all the girls like. That is because no one knows what it is they do nor when they do it.

At this particular meeting, Ireta, for the house and grounds committee, reported that the benches in the chapter woodland back of the house have all been repaired and the grass mowed in preparation for the spring party. The names of three new girls were voted upon favorably and it was decided to hold their initiation at the following meeting.

Phi Phi Phi

Our reporter had difficulty in finding the home of this bunch of climbers and was almost lost in the greenhouse nearby. He was welcomed to the meeting however as the girls are anxious for publicity. He in return complimented them for the fine start they have made in the last year. They have certainly gone in the right direction in locating their house near the Sigma Delts. Right among the professors where good behavior is sure to win high grades. We hope they are more faithful in that respect than their neighbors.

At this meeting the first bars of "Time Will Tell" was adopted as the Tri Phi's official whistle. It was also voted to erect a sign bearing the name of the sorority in the front yard to guide wandering Freshman girls who might overlook the place.

Shepardson Club

As our investigator ascended to the chapter rooms of the Shepardson Club he perceived that the meeting had already opened as the girls were singing, "I'll Build a Stairway to Paradise." The girls were sorrowfully planning how they will be able to get along without Maude next year but since they have another student government president next year they think they may be able to get along. It was proposed that a card index system be installed to keep track of the Freshman girls as some of them are dodging the initiation committee and cannot be found among the crowds.

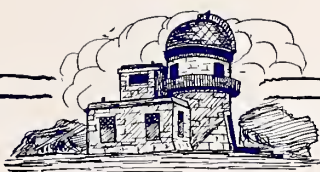

College As it Is

In reviewing various features of Denison life, it would not be fair to omit the activities of the students while not engaged in the pursuit of knowledge.

19 The bench by the old T. and O. C. station is in the spring-time a favorite rendezvous of all gay young blades who are addicted to the use of the universal weed in the eating form. Spring target practice begins with the coming of warm weather and is continued after dinner every evening until the close of school.

23 Others prefer more uplifting recreation and take advantage of the privilege of having evening walking dates. There are two kinds of said dates, those which are solemnized before 7:30 and those which transpire after that hour. This is the zero hour in Denison society and a few minutes either way may make a lot of difference. Those who indulge too often before that time are in danger of becoming engaged and those who have too many dates later in the evening are liable to apprehension by the long arm of the student government. Thus one is never safe. The only avenue of escape is in complete abstinence, so that bachelor clubs are formed from time to time by the jilted men. The membership of these clubs is constantly changing however, as most of the members are apt to backslide.

Want Ads

Since our contemporary campus publications have overlooked the need for a want ad department where readers may advertise for things which they want, we have included such a page so that at least once a year students may get rid of what they no longer need and may inquire for that which they desire.

Romance

The silver moon filtered through the interlacing tree tops and cast a magic carpet over the woodland path. A soft breeze made the leaves whisper and the night insects chirped low in the underbrush. The time was made for Romance.

19 The two walked slowly side by side through the mystic night, making little sound as their feet trod the soft grasses. Such a night was not for words. The beauties of nature brought harmony to the two souls and the two hearts which beat as one. As the two walked on, a sudden shyness stole over them. No word was spoken but each seemed to feel a mysterious something which beckoned them on. Something which awaited them just around the bend of the path; something they feared and yet which they hastened on to meet. Their pulses quickened. They were nearing an opening in the trees where the moon shone down with unbroken splendor. The stones of a quaint country grave yard gleamed pure and white in the nebulous stillness. Each seemed to realize that the all-important moment was at hand.

23 It was. The two preps were seized by willing hands and blindfolds were put over their eyes. They were hurried to a waiting car and whisked many miles in an unknown direction where they were released on their own legs and resources. After the car had gone, they removed the blindfolds and again moved forward in an awed silence.

The moon still shone down with magic whiteness and the night insects chirped in the underbrush.

Neophyte's Directory

For the aid of those who are forced to undergo the ordeal of being "under orders" the following information has been compiled. It contains suggestions concerning the things which every prep should know.

CEMETERIES: The most popular are the Old Colony, the Welsh Hills and Maple Grove. The first is located on Main Street, just south of the post office; the second is at the south-east corner of the village and is reached via Pearl Street. The third is reached by the Mount Vernon road if you follow it far enough. There are some 3,425 graves in the three cemeteries so that the average freshman should have no trouble in finding a variety of inscriptions.

SORORITY HOUSES: These are the Kappa Phi, Sigma Delta Phi, Chi Psi Delta and Tri Phi. Their locations are well known but there is certain information which every freshman should know. The circumferences are as follows: Kappa Phi, 158 feet; Sigma, 172 feet; Chi Psi, 211 feet; Tri Phi, 169 feet. If you are required to find your orders hidden in any of these houses, some of the girls will gladly lend you a key and it may be said that those in charge of initiation usually hide the orders near the telephone.

ANIMALS: Each freshman should acquaint himself with the best place to find any animal, insect or reptile upon short notice. Fleas, if they cannot be found upon town dogs, can be purchased at a pet store in Newark. Live flies may also be purchased in Newark for ten cents each but they can usually be found buzzing around sun-lit windows. Frogs can sometimes be filched from the zoology laboratory or may be found in the creek.

For the work of the Ministry

The demand for pastors who are "thoroughly furnished" for the work of the ministry was never greater than today, the opportunity for service never more inviting.

The Rochester Theological Seminary seeks to prepare men for the practical work of the ministry by a comprehensive training in both scholarship and methods of service.

The Seminary has a Faculty of ten members, and a Library of 50,000 volumes, including the famous Neander collection. It offers a wide choice of electives, and grants the degrees of B. D. and M. Th. All courses in the University of Rochester are open to Seminary students.

The city of Rochester furnishes a remarkable laboratory for observation and for participation in church and charitable work.

CONSIDER THE QUALITY—

Certain characteristics in the college bred man and woman denote not only culture but a desire for finest quality first in the buying of goods for your selection.

From the care exercised in making our ice cream it can be termed the best. Special attention is given to the preparation of your orders for parties. We carry for your approval a choice selection of candies—including Page & Shaw, Whitman, Frances Willard and Johnston's Chocolates, as well as Mullane's Taffies.

We do this in an effort to satisfy our own and your desire for fineness in quality.

The new and unusual—that sparkling reality which is known as the life of each school year—is caught and held forever within the pages of Bureau built annuals. The ability to assist in making permanent such delightful bits of class spontaneity rests in an organization of creative artists guided by some 17 years of College Annual work, which experience is the knowledge of balance and taste and the fitness of doing things well. In the finest year books of American Colleges the sincerity and genuineness of Bureau Engraving quality instantly impresses one. They are class records that will live forever.

L'Envoi

As we come to the last page of the book and realize that at last our labor on the 1923 annual is completed, we wish to express in this acknowledgement, our appreciation for the faithful cooperation of those who have helped in its publication.

There is much real work connected with the production of such a book and the members of the staff have responded faithfully to the requests made upon their time. For the help and suggestions of those not on the staff we also wish to express our deep appreciation. To Miss MacNeil goes the credit for the appropriate bits of literature accompanying the campus scenes. Clyde Keeler and Edgar Bridge, as well as the artists of the class of 1924, also are deserving of much credit for the splendid work which they have done.

Mr. M. H. Mueller who did all the photographic work for the book, is to be commended for the perfection of his work. We appreciate the willingness with which he always came to Granville to take pictures of special events or to meet the convenience of the students.

Mr. J. J. Sher, of the Bureau of Engraving, has also given us good service in the engraving department. Mr. Ward R. Hyde, of Hyde Brothers, Printers, has also given much personal attention to the task of making the book as perfect as possible.

To all who have in any way contributed to the making of the Adytum, we therefore extend our heartiest thanks.

It has been our honest endeavor to mirror the life of the students during the past year at Denison to the best of our ability. The preceeding pages are the expression of our efforts.

The Editor.
